DRAFT FY 2017 – 2021 MARICOPA ASSOCIATION OF GOVERNMENTS TRANSPORTATION IMPROVEMENT PROGRAM HIGHWAY LISTING[1]

(March 23, 2016 Version)

1. Interim listing . Does not include Arterial Life Cycle Program Projects.

Scope

The following listing includes highway projects programmed for FY 2014 – 2018 in the planning area of the Maricopa Association of Governments. Highway projects include: roadway, bicycle, pedestrian and other related projects. Per federal statute and regulation, all highway projects funded from federal transportation sources and all regionally significant projects in air quality nonattainment areas are included in the TIP.

Highway Listing Organization

This listing is organized into four sections as follows:

- Data Dictionary – a field-by-field of description of information provided in a listing.
- Completed/Underway Projects - a listing of projects that appeared in the previous TIP and that either are completed or fully underway as of the printing of this document. Projects in this listing are organized by location and sponsoring agency.
- Abandoned Projects - a listing of projects that appeared in the previous TIP, but that have been abandoned. Projects in this listing are organized by location and sponsoring agency.
- Current Projects – a listing of projects that have work programmed for the FY 2014 – 2018 period. Projects in this section are organized by sponsoring agency and location.

Project Information

A project is defined as a group of related work activities at a single location necessary to produce an end product. To insure that projects are adequately described, individual work activities for projects are detailed by year programmed and include work activities that occur prior to 2014 or after 2018. For example, if design for a project began in 2012 and construction is scheduled for 2015, both the design and construction work phases are listed.

Listing information for projects includes, but is not limited to the following information:

- Project Location
- Length of project in miles
- Number of through Lanes on the affected facility prior to completion of the project
- Number of through Lanes on the affected facility after the completion of the project
- Total cost of the project
- The federal functional of the affected facility

Work Phase Information

As previously noted work information is grouped by project. Project information includes the following:

- A description of the work to be performed
- Year the work is programmed
- The status of the work
- Funding amounts by funding source
- The total cost of the work activity

Funding Information

All amounts reported in the TIP are in year-of-expenditure dollars. During data collection for the TIP, project sponsors were required to report whether the project was in year-of-expenditure. If the project was not in year-of-expenditure dollars enough information was collected to allow a conversion. This conversion applied to projects in the Arterial Life-Cycle Program where inflation rates developed by ADOT were used.

DATA DICTIONARY

Sponsoring Agency	Project Description		Work Phases - Identification Number(s), Description, Schedule and Funding											Technical Information							
	Project IDN(s): - MAG ID - STIP ID - RTP ID	Project Location	Life Cycle Program	Work IDN(s) : - TIP ID - ADOT TRACS - Fed Aid ID	Work Descriptions - Text Description	Schedule			Funding			Project Total	Est. Date Project to be in use	Project Type Code	Project Length (Mi)	On Facility Properties				Air Quality Area	CMP Reference Code
						Program Year	Status	Date Funding Committed	Funding Source(s)	Amount(s)	Work Phase Total					Facility Type	Fed Func Class	Thru Lanes			
																		Before	After		
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22

1. **Sponsoring Agency** - The project sponsor. In the Current Projects Section the name appears at the top of the page.

2. **Project Identification Numbers** - Unique identifiers for the project.

MAG ID - a unique identification number - This number will not be used if a common ID between the STIP and TIP can be established.

STIP ID - a unique identification number used in the STIP.

3. Project Location - A description of the project location.

4. Life Cycle Program - Identifies if project is in an RTP identified 20 year life-cycle program.

ALCP = Arterial Life-Cycle Program

FLCP = Freeway Life-Cycle Program

TLCP = Transit Life-Cycle Program

None = The project is not part of a life-cycle program

5. **Work Identification Numbers** - A unique identifier for the work phase.

TIP ID - a unique MAG identification number for the work phase

ADOT TRACS - a unique ADOT identification number for the work phase

Federal Aid ID - a unique identification number for the authorization

6. Work Descriptions - A description of the work to be performed.

Text Description - Work description using the following form an action verb (e.g. construct, design, acquire) followed by the direct object of the action verb (e.g. bridge, right-of-Way, ect.)

FTA ALI Number - This is the FTA activity breakdown code for the work

7. **Program Year-** the fiscal year the work phase is programmed to obligate

Sponsoring Agency	Project Description		Work Phases - Identification Number(s), Description, Schedule and Funding											Technical Information							
	Project IDN(s): - MAG ID - STIP ID - RTP ID	Project Location	Life Cycle Program	Work IDN(s) : - TIP ID - ADOT TRACS - Fed Aid ID	Work Descriptions - Text Description	Schedule			Funding			Project Total	Est. Date Project to be in use	Project Type Code	Project Length (Mi)	On Facility Properties				Air Quality Area	CMP Reference Code
						Program Year	Status	Date Funding Committed	Funding Source(s)	Amount(s)	Work Phase Total					Facility Type	Fed Func Class	Thru Lanes			
																		Before	After		
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22

8. **Status Code -** A description of the work phase status

9. **Date Funding Committed-** the month and year the work phase obligated.

10. **Funding Sources -** Funding source associated with the work phase (Please see List of Funding Source Labels for more details).

11. **Amount-** Amount of funding source associated with the work phase.

12. **Work Phase Total-** Work phase funding total.

13. **Project Total-** Total funding for the project.

14. **Est. Date Project to be in use** - the quarter and the year the project is active. In the case of new roadways this is date the roadway will be open to traffic.

15. **Project Type Code** - A code indicating the type of project programmed.

110 Freeway	130 ITS	220 Transit Rail	420 Air Quality
111 Freeway Interchange	140 Safety	310 Bicycle	430 Maintenance
120 Street	150 Bridge	320 Pedestrian	900 Other
121 Street Intersection	210 Transit Bus	410 Telecomms	

16. **Project Length -** The length of the facility to the nearest 10th of a mile after the improvement

Sponsoring Agency	Project Description		Work Phases - Identification Number(s), Description, Schedule and Funding											Technical Information							
	Project IDN(s): - MAG ID - STIP ID - RTP ID	Project Location	Life Cycle Program	Work IDN(s) : - TIP ID - ADOT TRACS - Fed Aid ID	Work Descriptions - Text Description	Schedule			Funding			Project Total	Est. Date Project to be in use	Project Type Code	Project Length (Mi)	On Facility Properties				Air Quality Area	CMP Reference Code
						Program Year	Status	Date Funding Committed	Funding Source(s)	Amount(s)	Work Phase Total					Facility Type	Fed Func Class	Thru Lanes			
																		Before	After		
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22

17. **Facility Type -** A code indicating the type of facility impacted by the project.

110 Freeway	150 Local/Residential Road	232 Transit Center
111 HOV	199 Other Roadway	301 Pedestrian/Overpass/Underpass
112 CD Roads	211 Light Rail	800 Canal/Waterway
113 Metered	212 Commuter Rail	900 Other
114 Unmetered Ramp	220 Bus only facility	
115 Frontage Rd	231 Park-and-Ride	

18. **Fed Func Class** - Actual or proposed federal functional classification of the facility on which the improvement is located

1 Principal Arterial - Interstate	4 Minor Arterial	7 Local
2 Principal Arterial - Other Freeway or Expressway	5 Major Collector	
3 Principal Arterial - Other	6 Minor Collector	

19. **Lanes Before -** The number of through lanes before the completion of the project

20. **Lanes After -** The number of through lanes after the completion of the project

21. **Air Quality Area -** A code indicating the air quality non attainment area of the project.

M Maricopa County

P Pinal County

22. **Congestion Mgmt Process Reference Code -** A reference to information on how the CMP was used to select the project
