High Tide

is a unique fund-backed scholarship program and business competition for entrepreneurs and their early-stage ventures created by AZ-based venture development firm, Tallwave.

Innovation Programs for Cities

Cities Pitch

City Economic Development offices from across the state pitch the 20 High Tide semifinalists on the reasons they should consider relocating their startup to a specific city.

Cities Tour

City Economic Development offices are given the opportunity to select up to three High Tide semifinalists for a private “economic development tour” with your team.

Venture Blueprint

“Entrepreneur Boot Camp” education series that provides city-identified entrepreneurs with the practical education they need to build commercially viable and successful businesses in your city.

How do Cities Benefit?

1

We bring the prospects to you

2

City branded programs to attract and grow promising early-stage ventures

3

You attract, train and retain entrepreneurs in your city to cultivate their ideas and grow their ventures

4

You are an active member of the Arizona startup ecosystem

5

Arizona remains number one for startups and improves the 94% failure rate for early-stage companies
