# Provider Inventory Survey

## Victim Advocates | Provider Inventory

Thank you to those who have already submitted their information to help build the Victim Advocates Provider Inventory! The inventory will serve as a directory of victim advocates working with victims of domestic violence across the region. The goal is to include victim advocates working in shelters, community-based programs, law enforcement offices, prosecutor's offices, courts, hospitals, and other programs into one resource. If you haven't had a chance to provide your information, we ask that you please take a moment to complete the Provider Inventory Information Survey.

In addition, we request your help in passing this information along to other victim advocacy providers who may want to be included in the Provider Inventory.
