Currently we are over programmed for FY2015

- Project deferrals
- Reduced federal funds after MAP-21

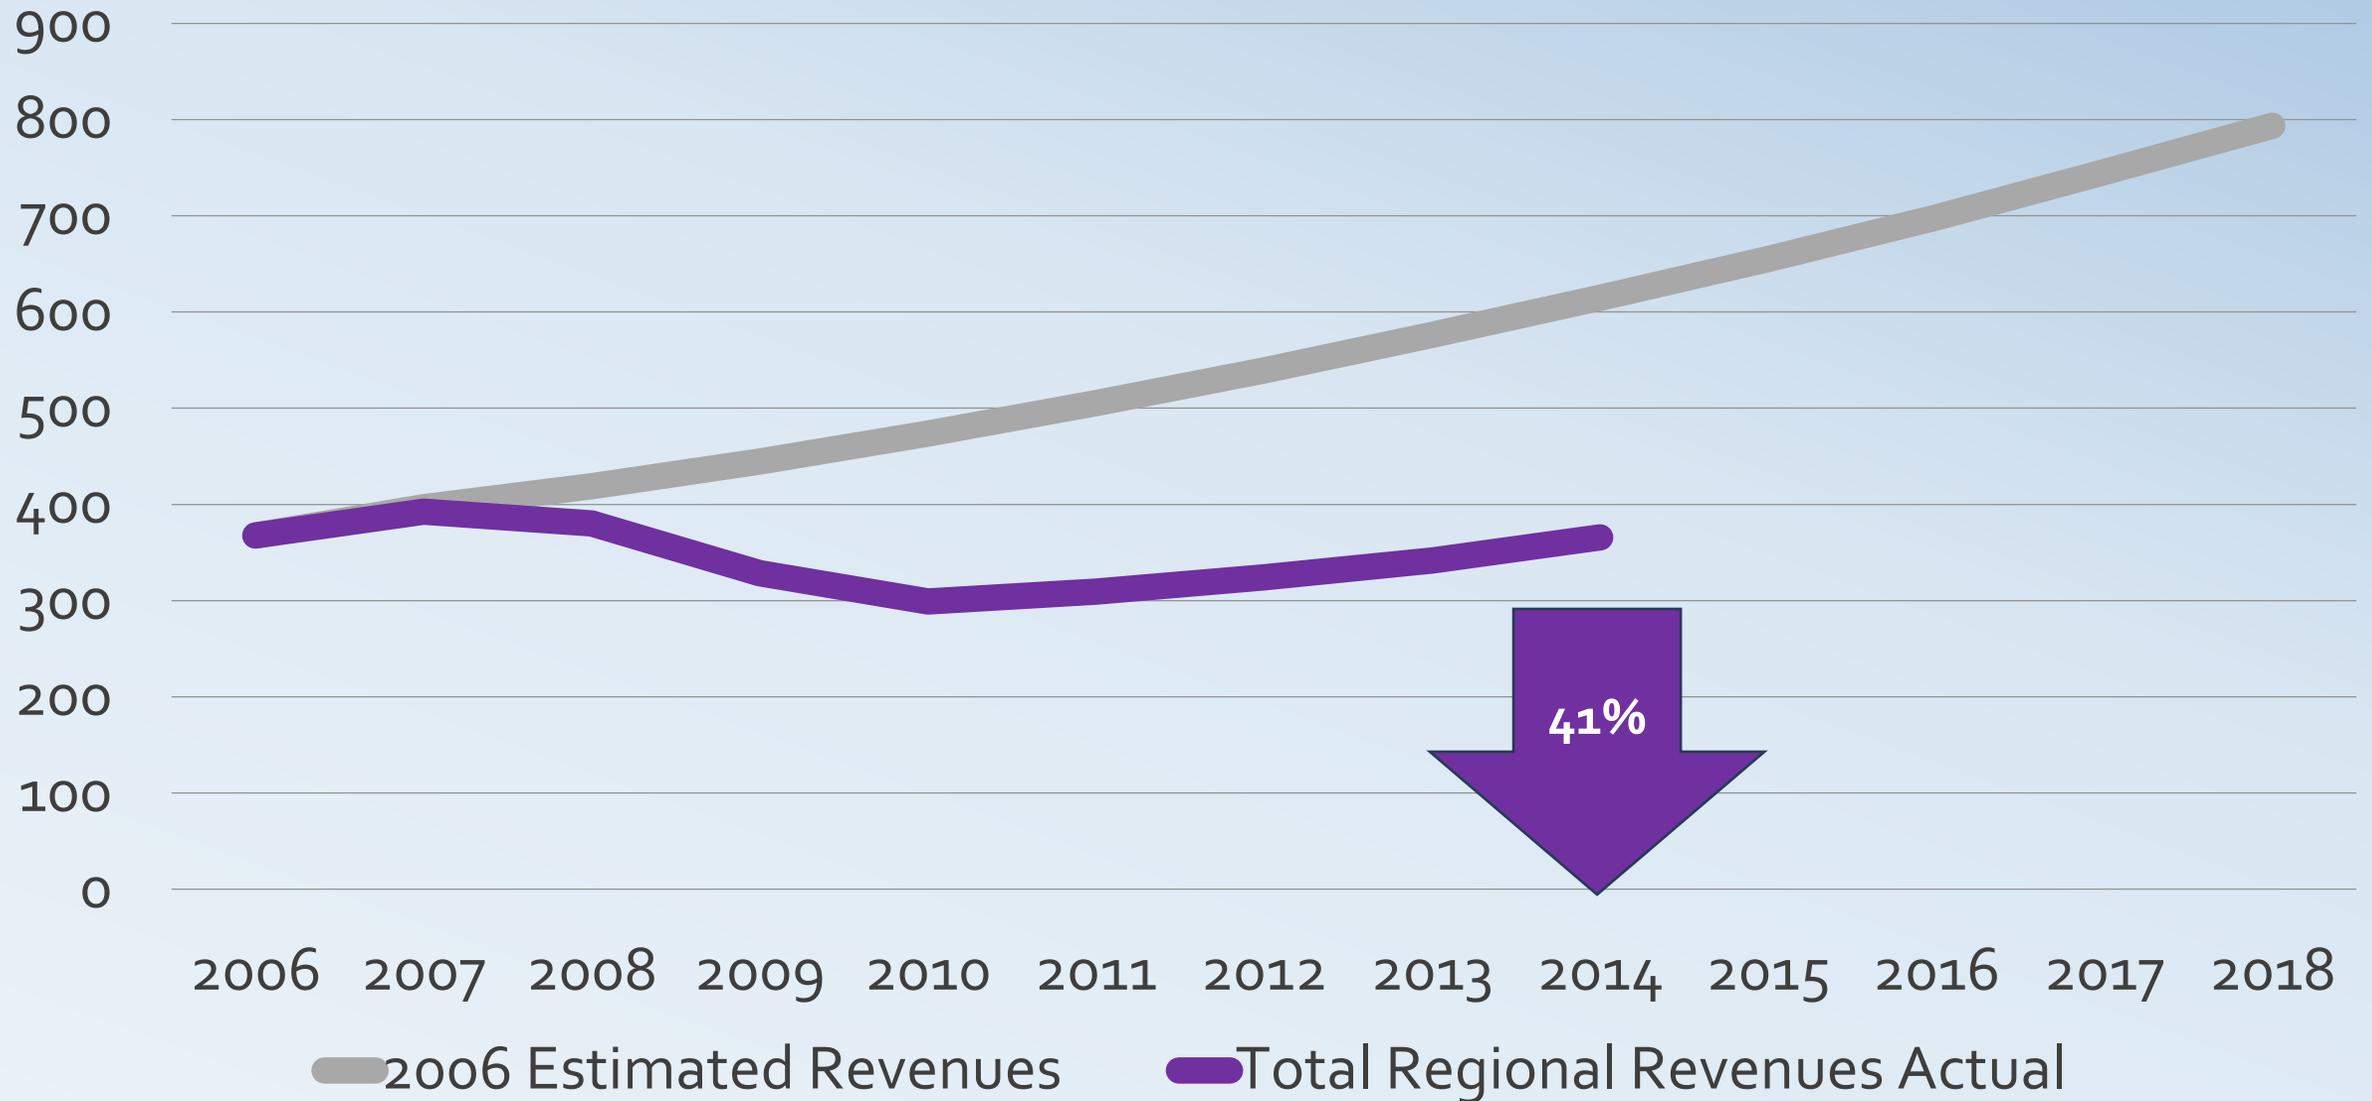

Postpone holding Closeout

# FHWA MAG Sub-Allocations (in Millions \$)\*

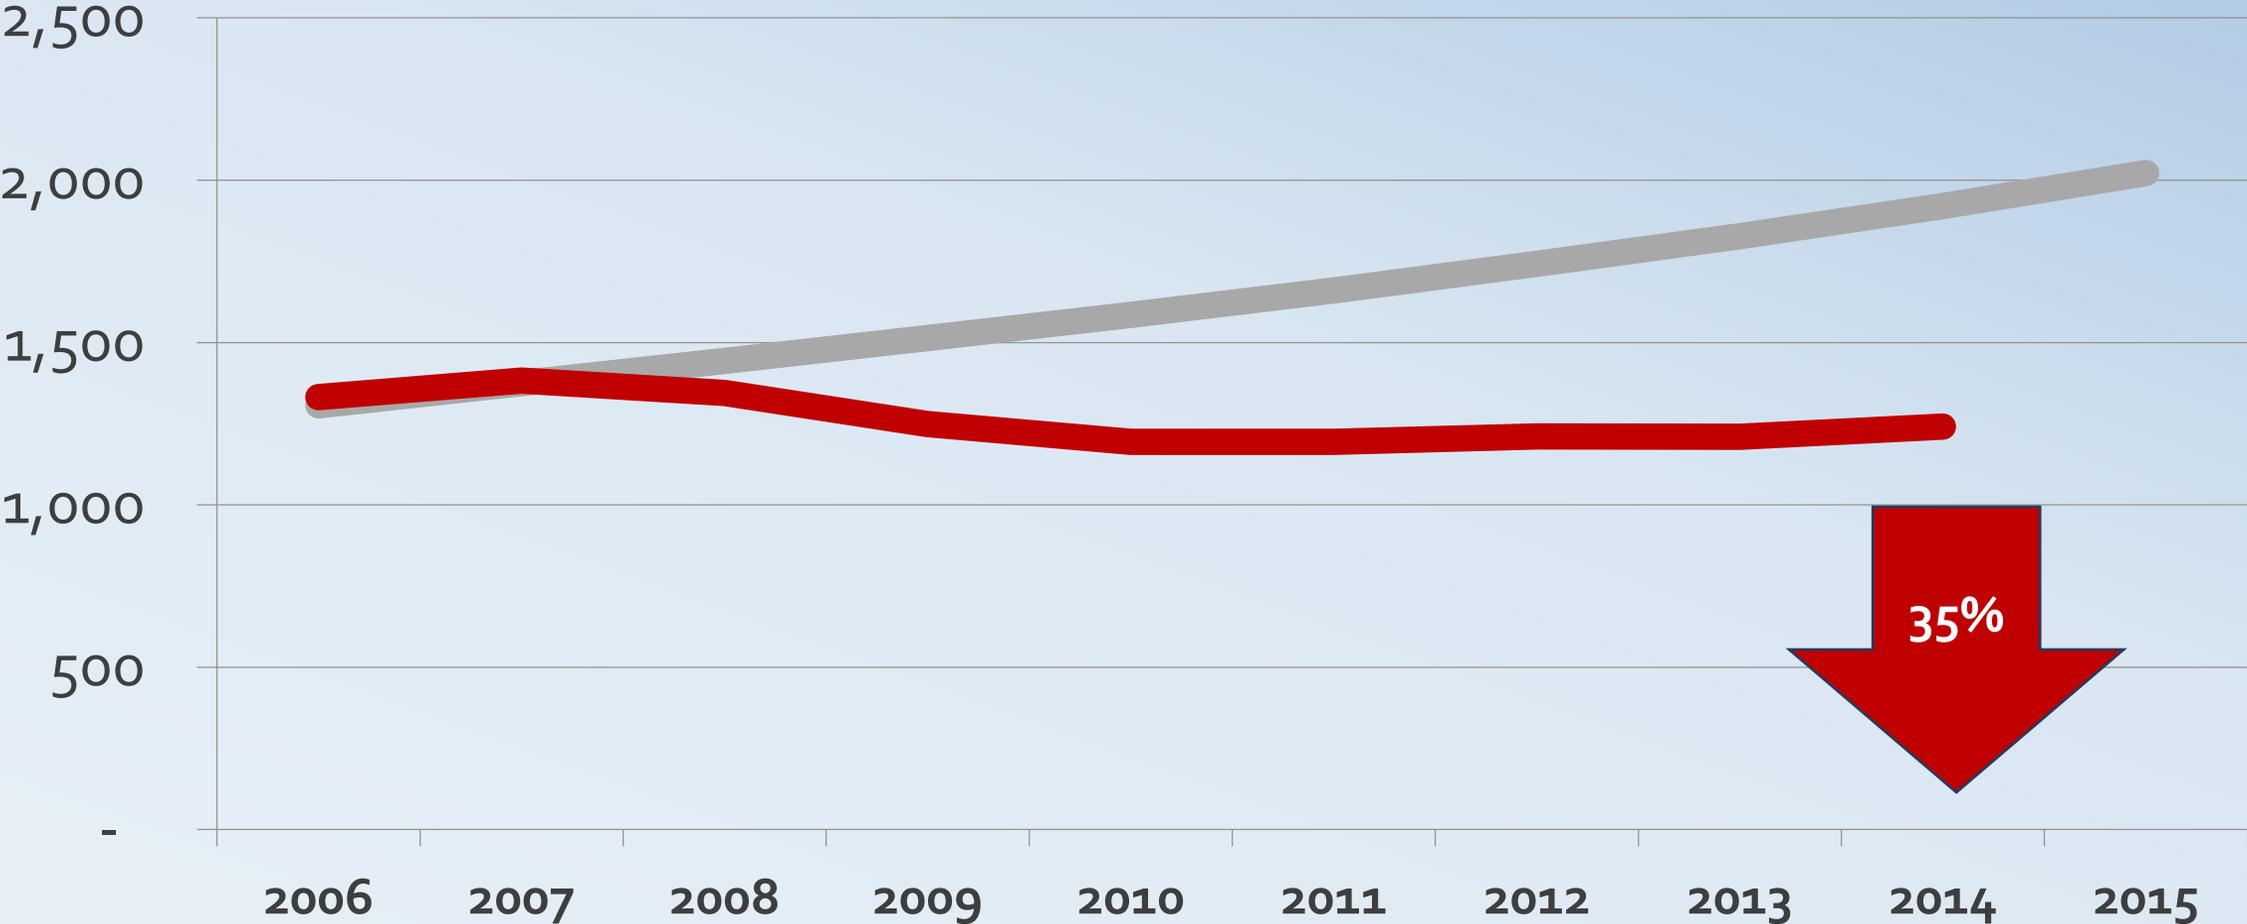

\*Includes all programs that were sub-allocated for the surface transportation act in effect for each year.

# Prop 400 Regional Revenues (in Millions \$)

# HURF Revenues (in Millions \$)

2006 Estimated Revenues      Total HURF Revenues Actual

- Regional and State revenues are beginning recovery.
- Federal Funds are expected to be flat throughout the balance of the TIP program years.
- At least annually, all Federal, Regional, and State revenues are reviewed and projections are modified.
  - If needed, a rebalancing of the Life Cycle Programs occurs to adjust to current year projections.
  - For Sub-Allocated Federal Funds, the projects are reported on, costs and revenues are monitored, and through project deferrals, cancelations, project advancements, the closeout process, FV's and cost savings returned, the ledger balances out to utilize all OA.
