Microsoft Accessibility Resource Center (MARC)
or MAC Accessibility Training at AzTAP.

Our Mission

To connect people with disabilities with the **assistive technology** they need to participate as fully as possible in activities that matter to them.

NORTHERN
ARIZONA
UNIVERSITY

Assistive Technology:

Any item, piece of equipment or product system whether acquired commercially off the shelf, modified or customized that is used to increase or improve functional capacities of individuals with disabilities.

In other words....

Assistive Technology Supports a Person's Ability To:

- Get around different environments
- Carry out daily living tasks
- Learn
- Work
- Communicate
- Hobbies/recreation
