The Maricopa Association of Governments (MAG) has been working diligently on a Roadway Framework Study for the Interstate 10 – Hassayampa Valley area. The study area includes much of the Buckeye municipal planning area (MPA), some of the Surprise MPA and a portion of Goodyear's, as well as areas of unincorporated Maricopa County. MAG continues to actively involve public agencies and private stakeholders throughout the study process. The first of two Development Forums was held on May 31, 2006. Development Forum #2 has been scheduled, and you are invited to attend.

This is a very important study and your participation is greatly needed. The purpose of Development Forum #2 is to:

- Present Preliminary Conceptual Alternative Scenarios for High Capacity Corridors
- Discuss and Receive Comments on Preliminary Scenarios
- Present a Preliminary Menu of Financing Options
- Discuss Public/Private Partnerships Opportunities

Attached is the Development Forum #2 agenda. Thank you for your interest and participation in the study. Please contact **Bob Hazlett, MAG Project Manager**, 602/452-5026 or by email at [hassayampa@mag.maricopa.gov](mailto:hassayampa@mag.maricopa.gov) if you have any questions.

## **INTERSTATE 10 – HASSAYAMPA VALLEY ROADWAY FRAMEWORK STUDY DEVELOPMENT FORUM #2**
