December 2, 2008

TO: Members of the MAG Population Technical Advisory Committee

FROM: George Pettit, Gilbert, Chair

SUBJECT: TRANSMITTAL OF MEETING NOTICE AND TENTATIVE AGENDA

Tuesday, December 9, 2008 - 10:00 a.m.
MAG Office, Suite 200, Saguaro Room
302 North 1st Avenue, Phoenix

A meeting of the MAG Population Technical Advisory Committee (POPTAC) will be held at the time and place noted above.

Members of the POPTAC may attend either in person, by telephone conference call or by videoconference. If you are attending by videoconference, you must make arrangements with Steve Gross at MAG and your site coordinator by the Friday prior to the meeting. If you are attending via audio conference please contact Steve Gross at (602) 254-6300 at least one day prior to the meeting.

If you are driving, please park in the garage under the building. Bring your ticket to the meeting and parking will be validated. For those using transit, the RPTA will provide transit tickets for your trip. For those using bicycles, please lock your bicycle in the bike rack in the garage.

Pursuant to Title II of the Americans with Disabilities Act (ADA), MAG does not discriminate on the basis of disability in admissions to or participation in its public meetings. Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting Heidi Pahl at the MAG office. Requests should be made as early as possible to allow time to arrange the accommodation.

Please be advised that under procedures approved by the MAG Regional Council on June 26, 1996, all MAG committees need to have a quorum to conduct business. A quorum is a simple majority of the membership or 14 people for the MAG POPTAC. If you are unable to attend the meeting, please make arrangements for a proxy from your jurisdiction to represent you. If you have any questions or need additional information, please contact Heidi Pahl at (602) 254-6300.

TENTATIVE AGENDA

1. Call to Order

2. Call to the Audience

An opportunity will be provided to members of the public to address the MAG POPTAC on items not scheduled on the agenda that fall under the jurisdiction of MAG, or on items on the agenda for discussion but not for action. Members of the public will be requested to limit their comments to three minutes. A total of 15 minutes will be provided for this agenda item, unless the Chair of the POPTAC provides for an exception to this limit. Those wishing to comment on action agenda items will be given an opportunity at the time the item is heard.

3. Approval of Meeting Minutes of October 28, 2008

4. 2035 MAG Projections

At the January 2008 MAG POPTAC meeting, members approved the use of base data and methods consistent with the 2007 Socioeconomic Projections to extend the projections by Municipal Planning Area (MPA) and Regional Analysis Zone (RAZ) to 2035. A 25-year planning horizon is needed to support potential transportation planning projects.

In March and October 2008, MAG POPTAC members reviewed and provided comments on draft 2035 projections of population, housing and employment. The extension of MAG 2007 Socioeconomic Projections to 2035 for population, housing and employment by Municipal Planning Area (MPA) and Regional Analysis Zone are being transmitted. The MAG POPTAC will be requested to recommend approval of the Draft Extension of MAG 2007 Socioeconomic Projections to 2035 for Resident Population, Housing and Employment by Municipal Planning Area and Regional Analysis Zone in Attachment One.

COMMITTEE ACTION REQUESTED

2. For information.

3. For information, discussion and approval of the minutes of October 28, 2008.

4. For information, discussion and recommendation to approve the Extension of the 2007 MAG Socioeconomic Projections to 2035 for Resident Population, Housing and Employment by Municipal Planning Area (MPA) and Regional Analysis Zone (RAZ).

5. Census 2010 Update

5a. 2010 Participant Statistical Areas Program

The 2010 Participant Statistical Areas Program (PSAP) provides an opportunity to provide input on revisions to Census geography including Census County Divisions, Census Designated Places, Census Tracts, and Block Groups. MAG will be coordinating the Statistical Areas Program and staff will be serving as a liaison between MAG member agencies and the Census Bureau.

Since the October POPTAC meeting, member agencies have attended PSAP workshops, received PSAP materials, and have begun making changes to census tracts and block groups in their jurisdiction. The member agency deadline for submitting PSAP changes to MAG is December 31, 2008. MAG has now received the PSAP materials from the US Census Bureau. An update will be provided.

5b. 2009 Boundary and Annexation Survey (BAS)

The Census Bureau has distributed its 2009 Boundary and Annexation Survey (BAS) to contacts of local jurisdictions for review and update. The BAS information is used when reporting the results of decennial and economic censuses and to support the American Community Survey and the Census Bureau Population Estimates Program. Maintaining correct boundaries through the BAS helps ensure that the appropriate population is assigned to each entity.

To request a change from paper BAS to digital BAS please contact 1-800-972-5651 or geo.bas@census.gov before Jan 15, 2009.

Responses to the 2009 BAS are due to the Census Bureau by March 1, 2009.

5a. For information and discussion.

5b. For information and discussion.

5c. Census 2010 Outreach and Complete Count Committee (CCC)

In past years, MAG has helped to coordinate regional communication, outreach, advertising and information efforts for the Census. MAG has established a “Count to ‘10” Census Outreach Group consisting of agency public information officers and communication representatives. The first meeting of the Census Outreach Group will be held December 4, 2008. The group will discuss roles and responsibilities, goals and timelines, and review best practices. An update will be provided.

The city of Phoenix is working on the selection of members for their CCC and other subcommittees. Phoenix is planning to appoint these members January 6, 2009.

5d. Recruitment

The US Census Bureau is now recruiting for thousands of temporary jobs in Maricopa County. Workers will be hired in spring of 2009 and will be responsible for updating the Census Bureau’s address list. For more information about these jobs, residents can call 1-866-861-2010. Please see Attachment Two.

5e. Timeline

MAG staff is monitoring and working with the Census Bureau to ensure MAG member agencies are aware of and meet any deadlines to ensure an accurate and complete count. Please see Attachment Three for a draft Census 2010 timeline.

6. July 1, 2008 Maricopa County and Municipality Resident Population Updates and Methodology

At the October 28, 2008 meeting of the MAG POPTAC, approval of the July 1, 2008 Maricopa County and MAG Municipality Resident Population Updates was recommended provided the Maricopa County

control total is within one percent of the final control total. These numbers were recommended by MAG Management Committee on November 12, 2008. An updated draft control total for Maricopa County was received from Arizona Department of Commerce on November 18, 2008. This draft number is within one tenth of one percent of the control total recommended by MAG Management Committee and has therefore been used in preparing the municipality population updates. Please see Attachment Four. At the December 3, 2008 meeting of the MAG Regional Council, members will consider approval of this recommendation. The State Population Technical Advisory Committee will be considering these updates along with those for the remainder of the State on December 5, 2008. A status report will be provided.

7. For information and discussion.

7. Valley Foreclosures

Metropolitan Phoenix has one of the highest foreclosure rates in the country. Max Enterline from the City of Phoenix will provide an update on Attachment Five, the "Foreclosure Rate by Zip Code" map and his "Foreclosure TD-Status Count" table. The map was created as an illustration tool to assist the City of Phoenix in making the case to the Federal government for economic assistance funds, through the Housing & Economic Recovery Act (HERA) which was signed into law on July 30, 2008 by the President. This map uses Census 2000 Data from Summary File 1, and MAG's residential completions permits database to help determine how many houses were on-the-ground on July 1, 2008. An update will be provided.

8. For information and discussion.

8. Implementation of GovDelivery for Electronic Communication

MAG has instituted a new system to provide faster delivery of information to the MAG member agencies and the general public. The GovDelivery system will facilitate more rapid communication, promote public access to information, allow interested parties to have

more control over the information they receive from MAG and facilitate a reduction in paper mailings to reduce costs and environmental impacts. An update on the implementation will be provided.

9. Next Meeting of MAG POPTAC

The next meeting of the MAG POPTAC is scheduled for Tuesday, January 27, 2009 at 10:00 a.m. A schedule of calendar year 2009 meetings is included as Attachment Six.

1. Call to Order

The meeting was called to order at 10:01 a.m. by Chair George Pettit.

2. Call to the Audience

No comments were made by the audience.

3. Approval of Meeting Minutes of October 14, 2008

George Pettit noted that agenda item 8 should be revised to reflect that it was 800 single family permits issued for all of Maricopa County in September 2008. Heidi Pahl said that Tammy Perkins asked that agenda item 4b last paragraph be revised to state that City of Phoenix is going to announce the membership of their complete count committee at the January 6, 2009 meeting. Harry Higgins moved, Tim Tilton seconded and it was unanimously recommended to approve the meeting minutes of October 14, 2008 as amended.

4. July 1, 2008 Maricopa County and Municipality Resident Population Updates and Methodology

Rita Walton said the Arizona Department of Commerce (DOC) is preparing the July 1, 2008 resident population updates for each county in the state. She noted that when finalized, the Maricopa County update will become the control from which the municipality updates will be developed. She reported that MAG has received a draft 2008 county population update for Maricopa County. She explained that because of the deadlines for approving the updates and the schedule of MAG Management Committee and Regional Council, MAG staff has developed a draft set of municipality updates based on the draft control total for Maricopa County. She said the draft July 1, 2008 Maricopa County and MAG municipality resident population updates along with a summary of the methodology used to produce them are included as Attachment One in the agenda packet. She explained the housing unit method and the composite method. She remarked that because there may be changes to the state and county control totals by DOC, the POPTAC is requested to recommend approval of these updates to the MAG Management Committee provided the Maricopa County control total is within one percent of the final control total.

Tim Tilton said the Ad Hoc POPTAC subcommittee has recommended approval of this item to the MAG POPTAC for review provided the number is within one percent of the final control total. Mr. Tilton said there may be additional discussion at the state level regarding the draft number.

George Pettit explained the high number of annexed housing units in Gilbert. Mr. Pettit said the basis for a majority of the annexations is so that the residents have fire and emergency response services from the Town of Gilbert. He said if residents remain outside the Town of Gilbert they do not have these services.

Tim Tilton made a motion to recommend to the MAG Management Committee to approve the July 1, 2008 Maricopa County and MAG Municipality Resident Population Updates provided the Maricopa County control total is within one percent of the final control total. Harry Higgins seconded the motion and the motion passed unanimously.

5. Next Meeting of MAG POPTAC

George Pettit said the next meeting of the MAG POPTAC has been changed to Tuesday, December 9, 2008 at 10:00 a.m. He said the originally scheduled November 25th POPTAC meeting is cancelled. The meeting adjourned at 10:08 a.m.

Note: Total resident population includes resident population in households and resident population in group quarters (dorms, nursing homes, prisons and military establishments).

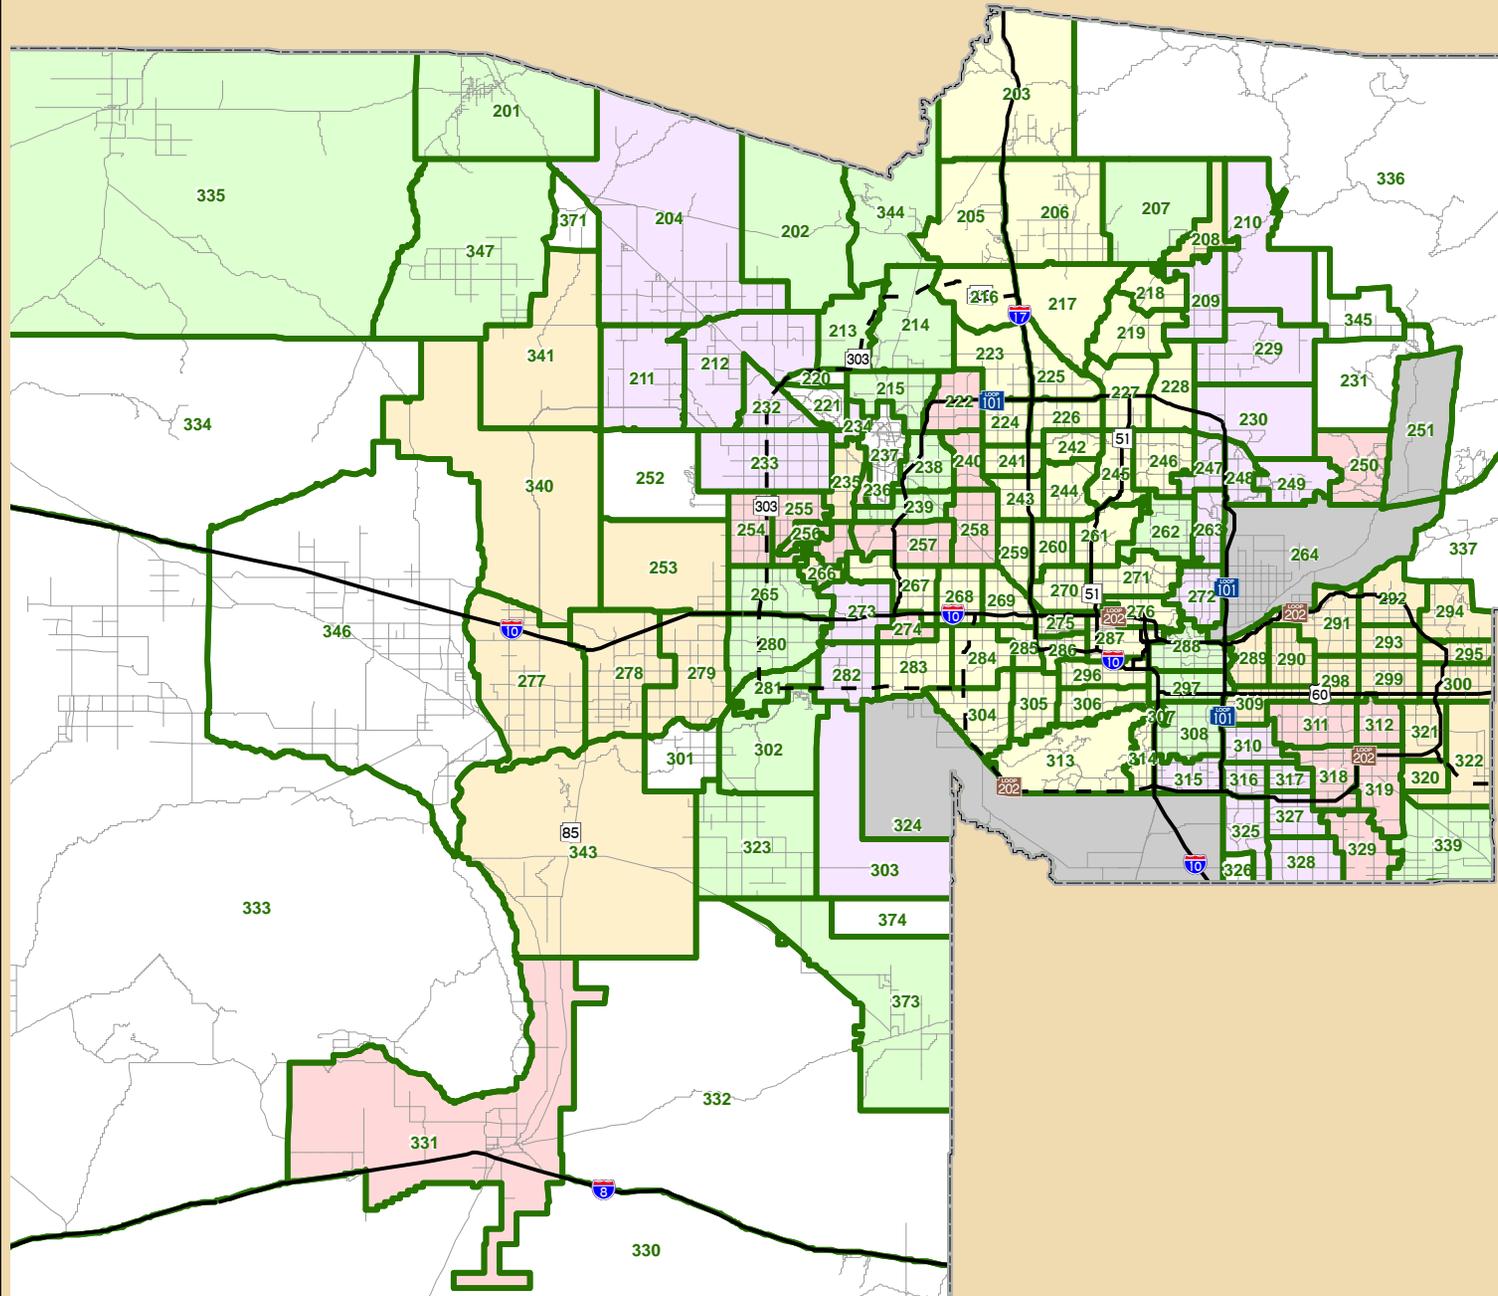

Other employment includes work-at-home and construction employment. Because construction employment follows development, employment projections may show declines in future years.

These projections include the Maricopa County portion of Peoria, Queen Creek and the Gila River Indian Community only.

**NOTES AND CAVEATS FOR EXTENSION OF
MAG 2007 SOCIOECONOMIC PROJECTIONS TO 2035**

1. An extension of the MAG 2007 Socioeconomic Projections to 2035 is needed because MAG requires socioeconomic projections with a planning horizon of 25 years to support potential transportation studies.
2. The projections for 2035 by Municipal Planning Area (MPA) and Regional Analysis Zone (RAZ) were prepared as an extension of the MAG 2007 Socioeconomic Projections approved by MAG Regional Council in May 2007. The 2035 projections use the base data and methods consistent with the 2007 Socioeconomic Projections.
3. The population projections are for resident population only and do not include nonresident seasonal or transient population.
4. The 2035 extension uses the population and employment County Projections for 2035 consistent with 2005 Special Census. These County projections were recommended for approval by the MAG Population Technical Advisory Committee (POPTAC) in October 2006 and the Management Committee in November 2006. The projections were approved by the Regional Council in December 2006.
5. The projections include the Maricopa County portion of Peoria, Queen Creek and the Gila River Indian Community only. Although Apache Junction is a MAG member agency, currently only 275 of its residents are within Maricopa County. Because almost all of its population lies within Pinal County, no projections have been included in this report.
6. The databases and assumptions upon which the projections are based have been reviewed by MAG member agencies, revised by MAG staff based on input received and approved by members of the MAG POPTAC.
7. The projections are based upon previous review and local insight by members of the MAG POPTAC.
8. The “other” employment category includes work-at-home and construction employment. Because construction employment follows development, employment projections may show declines in future years.
9. The projections should be used with caution. They are subject to change as a result of fluctuations in economic and development conditions, local development policies and updated data.

GLOSSARY OF TERMS

Base Population: Population base for the current estimate, usually the last Decennial Census or a special census or census survey taken since then.

Construction Employment: Employment associated with construction sites across the region but not with a specific land use. This is included in the Other Employment category. Because construction employment follows development, employment projections may show declines in future years.

Employment: The total number of jobs of persons receiving wage or salary to work in a given industry. This measure of employment only includes persons over the age of 16 and does not include working within the home without outside wage or volunteering. An employee works in the designated weekly time period at least one hour.

Group Quarters: Group quarters are places where people live or stay other than the usual house, apartment, or mobile home. Two general types of group quarters are recognized: institutional, i.e. nursing homes, mental hospitals or wards, hospitals or wards for chronically ill patients, hospices, and prison wards; and noninstitutional, i.e. college or university dormitories, military barracks, group homes, shelters, and missions. Group quarters may have housing units on the premises for staff or guests.

Housing Unit: A dwelling unit that could be single family, multi-family, mobile home or other type of unit.

Industrial Employment: Employment in areas designated for industrial land use.

Municipal Planning Area (MPA): An MPA represents the area of planning concern for a municipality and is based upon its anticipated future corporate limits.

Occupied Housing Unit: A housing unit is considered occupied if a resident person or persons are living in it or if the occupant is only away from the unit temporarily, e.g., away on vacation.

Office Employment: Employment that is located in areas designated for office land use.

Other Employment: A residual of total employment minus employment in areas designated for industrial, office, public and retail land uses. It includes, but is not limited to, medical, postal, transportation, utilities, communication, hotel/motel, and construction.

Population in Households: The population in occupied housing units.

Projection: Numerical outcome of a set of assumptions (based on past trends) relating to future trends. The numbers are conditional upon these assumptions being fulfilled.

Public Employment: Employment located on land designated for public use.

Regional Analysis Zone (RAZ): An area within an MPA. RAZs can be either coterminous with or may be aggregated to form an MPA.

Resident Population: Resident population is defined as the people who live in a specific area more than six months a year. Resident population may live in housing units or in group quarters.

Retail Employment: Employment that is located in areas designated for retail land use.

Total Resident Housing Units: The combination of occupied and vacant resident housing units.

Total Resident Population: Includes those residents living in housing units and group quarters.

Work-at-Home Employment: Employment where the primary place of work is at home.

Temporary, part-time positions now available.

Census Takers . Crew Leaders . Crew Leader Assistants .

Census Clerks .

Flexible hours up to 40/wk . Mileage reimbursement . Work near home.

Jan 2006 thru Sept 2008 Foreclosure Rates by the Zip Code Map Maricopa County

Legend:

- Phoenix Boundary
- September 30, 2008 Foreclosure Rates (Jan 2006 thru Sept. 2008)
- 0
- 0.1% - 0.9%
- 1.0% - 1.9%
- 2.0% - 2.9%
- 3.0% - 3.9%
- 4.0% - 4.9%
- 5.0% - 5.9%
- 6.0% - 6.9%
- 7.0% - 7.9%
- 8.0% - 8.9%
- 9.0% - 9.4%

Notes:

- 1) Foreclosure rates were determined by adding all residential dwelling units counted during the Census with all completed residential permits after the Census through July 1, 2008. Then pre-census demolitions were subtracted from this overall number. Finally the total TD Foreclosures from January 2006 through September, 2008 were divided by the dwelling units on-the-ground.
 Formula = [Actual TD Foreclosures / Homes on-the-ground]
2. Many of the Zip Code Zone areas split or changed from the 2000 Census and in July 2007. Therefore, adjustments were made to the number of units counted during the Census by carefully selecting Summary File 1 blocks to adjust the housing unit counts.
- 3) The highest foreclosure rate was shown in El Mirage at Zip Code Zone 85335 with 9.43% thru Sept. 2008.
- 4) The highest foreclosure rates in Phoenix were in 85037 Zip Code Zone with the rate 9.36%. This area is in West Maryvale Village. There were 1,296 actual TD Foreclosures during the time period. This rate was the 3rd highest rate in Maricopa County, & the highest actual number of foreclosures too.
