For those using bicycles, please lock your bicycles in the bike rack in the garage.**

The Safety Stakeholders Group was established in November 2001, under the auspices of the MAG Transportation Safety Planning Program. The Group has been receiving enthusiastic support from a broad cross section of safety stakeholders and professionals in the region. They include: Federal Highway Administration, Federal Motor Carrier Safety Administration, Arizona DOT, Arizona DPS, Governor's Office of Highway Safety, Cities and Towns in the MAG region, AAA Arizona, Mothers Against Drunk Driving (MADD), Students Against Destructive Decisions (SADD), Public School Transportation Officials, St Josephs Hospital Injury Prevention Program, and many others. If you or your agency have not joined this effort as yet, we encourage you to participate in this multi-agency collaborative effort to improve road safety in our region.

At the November 19th meeting you will hear brief reports on recent transportation safety activities in the region and upcoming events. We also plan to distribute copies of a review of Road Safety Audits developed by MAG.

The tentative agenda for this meeting is enclosed (it is also posted at the MAG web site <http://www.mag.maricopa.gov/project.cms?item=1427>). If you have any questions on the safety planning program at MAG please contact Sarath Joshua via phone at: (602) 254-6300 or email at: sjoshua@mag.maricopa.gov. Thank you.
