STORM ROLLS OVER VALLEY

ROB SCHUMACHER/THE REPUBLIC

A large dust storm smothered much of the Valley on Tuesday night, obscuring visibility for motorists, causing power outages and shutting down Phoenix Sky Harbor Airport for about an hour.

The storm hit about 7:30 p.m., the National Weather Service said. SRP said about 9,400 Phoenix and East Valley customers lost power. At right, Mary Nichols and JoAnn Buckson (right) look for cover in Phoenix.
