

Frequently Asked Questions – 2016 Section 5310 Phoenix-Mesa UZA Application

Q: Why did the application format change from a Word document to an Excel document?

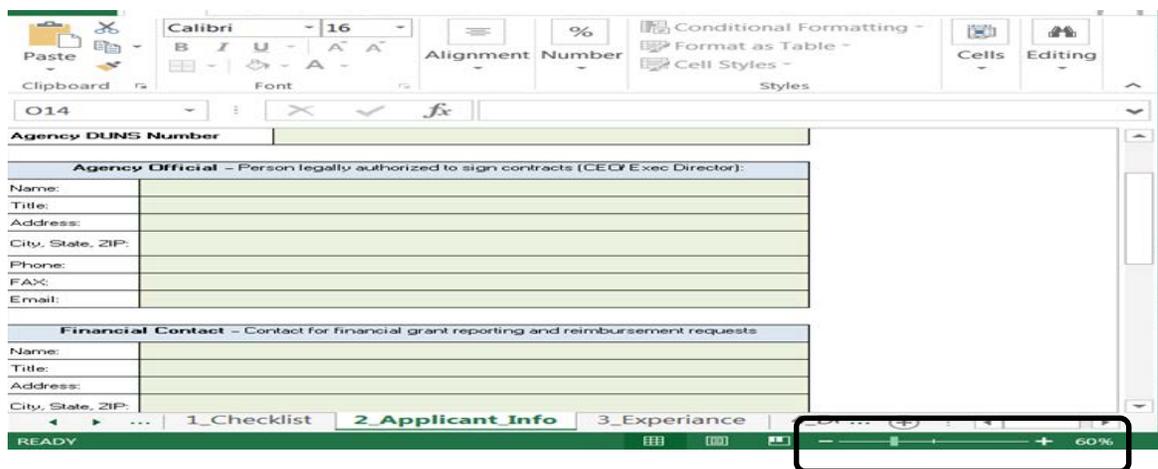

A: While the application questions remain basically the same. The formatting changed is consistent other federal grant application processes MAG coordinates. Benefits for the applicants includes reducing the amount of re-entering data and the auto calculating feature. Benefits for the Evaluators include better summarization of data. See the [Application Format Benefit Matrix](#) link, for additional information.

Q: How do I open the 2016 Section 5310 application from the website?

A: From the MAG Elderly and Persons with Disabilities Transportation Committee webpage, <http://www.azmag.gov/Committees/Committee.asp?CMSID=1047>, click on the bullet titled, *2016 Section 5310 application* to open the application, then save the document to your desktop. Contact DeDe Gaisthea, dgaisthea@azmag.gov for assistance on the application, or Steve Tate, State@azmag.gov if you are experiencing difficulty with the Excel document.

Q: The application looks very large on my computer screen, how can I adjust the look?

A: You can adjust how the application looks on your computer screen by clicking (-) or (+) on the zoom bar located on the bottom right of the document, see example below.

Q: Where do I enter my information?

A: The shaded boxes in the document are open to filling in information. Please refer to the "Instruction" tab on the application for additional information regarding the shaded of the boxes.

Q: Will this FAQ be updated?

A: Yes, this FAQ will be updated throughout the process as we receive additional questions.
