Notes

1. Final eligibility for PIP funding will be determined when an agency applies for funding. Only projects that have not been initiated at ADOT are eligible for PIP funding. If a project has multiple work phases - e.i. design, ROW, construction - only one work phase is eligible for PIP funding.

Projects in the Arterial Life-Cycle Program and pass through funding (e.g. bridge inspection program) are not eligible for PIP funding.

2. The project has already been assigned either a TRACS or federal identification number, and may not be eligible for PIP funding as it has already been initiated.
