

MAG Concrete Working Group

Thursday, May 23, 2013, 1:30 pm at the ARPA Offices

Meeting Notes

Present:

See attached attendance sheet.

Discussion:

- 1) MAG Section 340 Draft Revision – Peter Kandaris. Brian Gallimore had provided comments from several Contractors on various sections that were reviewed/discussed by the group. Peter will work on another revision to bring to the Standards Committee.
- 2) Revision of Section 324 on Portland Cement Concrete Paving – Jeff Hearne. A new draft version dated 5-20-13 was provided to the group along with several handouts to document the relationship between compressive and flexural strengths (ACPA, NRMCA, PCA). Additional discussion regarding joint materials and a proposed draft of Section 729 was discussed to potentially be submitted to the Standards Committee to eliminate withdrawn ASTM Standards. Work will continue on both Sections probably into next year.

Date for Next Meeting:

Due to the ARPA Convention being held out of the Phoenix area during the third week of June, the **next meeting** is scheduled a week early on **June 13, 2013 @ 1:30 pm** in the ARPA offices (following the Asphalt and Materials Working Group meetings).

Any and all participants are welcome and encouraged to be involved.
