SUBJECT:

Project Changes - Amendment and Administrative Modification to the FY 2014-2018 MAG Transportation Improvement Program, FY 2014 Arterial Life Cycle Program, and as Appropriate, to the 2035 Regional Transportation Plan

SUMMARY:

Since the Management Committee agenda mail-out on May 7, 2014, several agencies have requested additional project changes and/or revisions to their requests. The detailed listing of proposed Transportation Alternatives non-infrastructure projects is included, the City of Phoenix and the Arizona Department of Transportation have added the FY 2014 bridge inspection program funding and clerical corrections; Phoenix Transit and Valley Metro have moved cost savings involving three projects and updated work years; an Intelligent Transportation Systems (ITS) project reviewed by the ITS committee on May 7, 2014 is changing multi-jurisdictional partnerships for the project; the City of Maricopa has updated cost estimates for its locally funded project segments; and the Arterial Life Cycle Program has City of Scottsdale general clerical corrections and cost saving modifications. Please refer to the attachment and items **tinted** reflect changes since the last mailing to the Management Committee.

The Fiscal Year (FY) 2014-2018 MAG Transportation Improvement Program (TIP) and 2035 Regional Transportation Plan (RTP) were approved by the MAG Regional Council on January 29, 2014. The FY 2014 Arterial Life Cycle Program update was approved January 29, 2014. The last modification was approved by the MAG Regional Council on March 26, 2014, and agencies have requested project changes. This will be the third request for an amendment to the FY 2014-2018 MAG Transportation Improvement Program.

The attachment listings in Table A include requested changes and modifications to highway and transit projects in the FY 2014-2018 MAG TIP and include changes to the Arterial Life Cycle Program and related projects in Table B. A "Received by" column has been added to the right-hand side of the Tables to note the committees that have reviewed the proposed changes for individual listings. Conformity consultation on these projects is considered under a separate agenda item.

Highway Changes:

The Arizona Department of Transportation (ADOT) has included project changes related to updates in the Statewide Five Year Program, changes to the Regional Transportation Plan Freeway Program, and to maintenance and sub-programs. Member agencies have submitted various local and federally funded project changes.

The MAG Safety Committee has approved projects for advancement and deferrals based on agency requests, and some safety projects have added additional funding based on updated engineering estimates. Funding through the sub-allocated Highway Safety Improvement Program (HSIP-MAG) is available to meet these requests. MAG is requesting TIP amendments to consolidate funding based on federal and state guidance, and to make clerical corrections to the TIP. Placeholders for the actual (FFY 2014) and estimated (FFY 2015, 2016, 2017, and 2018) Congestion Mitigation and Air Quality Improvement Funds (CMAQ) Flex transfer to transit as noted in the Regional Transportation Plan are included for accounting and planning purposes.

Transit Changes:

Transit related TIP changes include new projects funded by the ADOT 5310 and 5311 programs. ADOT administered projects are FY 2013 apportioned funds that were awarded to MAG agencies through a competitive process and work will progress through 2015. FTA Section 5310 program of projects detailed TIP listing for the Phoenix-Mesa urbanized area are included and the project approval is listed under agenda item; FFY 2014 FTA Section 5310, Enhanced Mobility of Seniors and Individuals with Disabilities Grant Program Recommendations for the Phoenix/Mesa Urbanized Area. Project updates and clerical corrections in the Valley Metro Transit Life Cycle Program and the MAG Program of Projects for the 5307, 5309, and 5337 programs are also included.

ALCP Changes:

The amendments include the correction of an administrative error on the Frank Lloyd Wright Blvd. at 76th/78th/82nd Streets project and the reassignment of FY 2012 Northern Parkway reimbursement totaling \$495,970 from the Northern Parkway: Sarival to Dysart landscaping project (ACI-NOR-10-03-A) to the Northern Parkway: Sarival to Dysart construction project (ACI-NOR-30-03-A). The reassignment is necessary to match the federal obligation. ADOT requested changes to HSIP funded work activities. Listings with a notation of "related to NACOG loan" in the Notes Column are for the advancement of three projects which are contingent on approval of the separate agenda item; please see Northern Arizona Council of Governments Loan Request, and Proposed Project Advancements.

PUBLIC INPUT:

None has been received.

PROS & CONS:

PROS: Approval of this TIP amendment and administrative modification will allow the projects to proceed in a timely manner.

CONS: None.

TECHNICAL & POLICY IMPLICATIONS:

TECHNICAL: Projects that wish to utilize transportation federal funds or are regionally significant need to be shown in the TIP in the year that they expect to commence and may need to undergo an air quality conformity analysis or consultation.

POLICY: This amendment and administrative modification request is in accordance with MAG guidelines.

ACTION NEEDED:

Recommend approval of the amendments and administrative modifications to the FY 2014-2018 MAG Transportation Improvement Program, the 2014 Arterial Life Cycle Program, and as appropriate to the 2035 Regional Transportation Plan.

PRIOR COMMITTEE ACTIONS:

On April 24, 2014, the Transportation Review Committee (TRC) recommended the changes as noted in the TRC columns of Tables A and B.
