

Information Services: The Facts that Inform Governments, Businesses, and Citizens

The Information Services Division of MAG manages the Geographic Information Systems (GIS), socioeconomic data collection and maintenance, socioeconomic modeling and MAG Information Center (MAGIC) programs. Information Services gathers and provides base information required for many projects in other divisions, for member agencies and for the general public.

MAG Interactive Mapping and Reporting Sites • <http://ims.azmag.gov>

Web-based GIS sites designed to allow easy mapping and reporting of socioeconomic data.

MAG Demographic Map Viewer • <http://geo.azmag.gov/maps/demographic/>

Information from the 2010 US Census and most recent American Community Survey 5-year average.

MAG Employment Map Viewer • <http://geo.azmag.gov/maps/employment/>

Includes information from the most recent MAG Employer Database.

MAG Land Use Viewer • <http://geo.azmag.gov/maps/landuse/>

Includes existing land use and future land use data.

Building Landmark Inventory Viewer • <http://geo.azmag.gov/maps/landmarks/>

Regional map showing important sites and buildings, such as schools, sports arenas, and public facilities.

MAG Projections Viewer • <http://geo.azmag.gov/maps/projections2013/>

Mapping the most recent long-range population, housing, and employment projections.

MAG Bikeways Viewer • <http://geo.azmag.gov/maps/bikemap/>

Mobile-friendly interactive bikeways map showing bike paths and bicycle facilities.

MAG Domestic Violence Victim Services Map Viewer • <http://geo.azmag.gov/maps/VictimAdvocates/> Locations and contact information services for victims of domestic violence.

Building an International Economic Network • <http://connectbien.com/>

A business-to-business e-platform to connect individual businesses in Arizona, Mexico, and Canada across international boundaries.

Greater Phoenix Rising • <http://www.greaterphoenixrising.com/>

A joint data partnership between MAG and the Greater Phoenix Economic Council (GPEC) providing regional information that will assist businesses and existing and new residents interested in opportunities in Arizona, including relocating to Arizona, expanding an existing business, or learning more about the region to help local residents start a new business.

Population and Housing Estimates

<http://www.azmag.gov/Projects/Project.asp?CMSID=1113&MID=Information%20Services>

Annual estimates of population and housing for communities in Maricopa County.

(continued from the front)

MAG Regional Data Center • <http://datacenter.azmag.gov/>

A centralized location for regional socioeconomic data and reports, including demographic profiles, regional employment analysis, regional housing report, economic indicators, and long-range socioeconomic projections.

Housing • <http://datacenter.azmag.gov/DataProducts/Housing.aspx>

Maps and tables related to housing at a local jurisdictional level, including housing growth concentrations, distressed properties, and residential completions.

Socioeconomic Projections • <http://datacenter.azmag.gov/DataProducts/SocioeconomicProjections.aspx>

Long-range projections of population, housing, and employment.

Employment • <http://datacenter.azmag.gov/DataProducts/Employment.aspx>

Reports and analysis on the most recent MAG Employer Database.

Live-Work Maps • <http://datacenter.azmag.gov/DataProducts/Live-Work.aspx>

Maps showing where residents of each local jurisdiction work, and where workers in each local jurisdiction live. Useful in studying commute patterns and local workforce.

Land Use • <http://datacenter.azmag.gov/DataProducts/LandUse.aspx>

Maps of existing and future land use, region-wide general plan land use, and development projects.

Economic Indicators • <http://datacenter.azmag.gov/DataProducts/Economy.aspx>

Key economic indicators for the region such as employment, consumer price index, and personal income.

Fiscal Balance Report • http://www.azmag.gov/Information_Services/Fiscal_Balance_Report.asp

A report that provides background information on how different types of development impact communities from a fiscal perspective.
