# 2012 Balancing Principles

- **Do not change timing for immediate construction projects on Loop 303 and US-60/Grand Ave.**
- **Look at cash-flow, costs, and time-lines for major program items.**
- Programs on US-60/Grand Ave and HOV lanes on SR-202L/Red Mountain-Santan Freeways unaffected.
- Twelve scenarios considered – four advanced - as best case for balancing and meeting cash-flow projections.
