

Commitment to Act

Domestic violence is one of the most widespread and dangerous health and safety challenges in our community today:

- *50,000 domestic violence calls to 911 every year in Phoenix.*
- *In Arizona, one in four women will experience domestic violence.*
- *One in five teens will experience dating abuse in our state.*
- *On average, someone in Arizona dies every three days due to domestic violence.*
- *In Arizona, one or more children witness a domestic violence incident every 44 minutes.*

As a leader in this community,

commits to raise awareness and create a culture of change against domestic violence by:

Joining “Paint Phoenix Purple” during Domestic Violence Awareness Month this October and wearing purple on October 18.

Sending a message that domestic violence is unacceptable in our homes, schools, communities and workplaces.

Speaking up for those who are victims of abuse in their family, community and workplace.

Assuring victims of domestic violence will be supported in their efforts to achieve safety and security.
