Gilbert	None	Stericycle	One year with four - one year extensions.	Cleaning products; indoor pesticides; automotive products; painting supplies; lawn and garden products; flammable products; items with mercury; batteries; light bulbs; electronics; used tires.	No	The Town has a permanent HHW facility that is open to the public three days a week (Wednesdays and Fridays from 9:00 am - 3:00 pm and Saturdays from 7:00 am - 1:00 pm). Staff is also at the facility on Thursdays, however the facility is not open to the public. The facility is enclosed and does not accept commercial waste.	No events are held.	N/A	None	No	No	The Town has an IGA allowing Queen Creek residents the opportunity to use the HHW facility in Gilbert.	Website; Facebook; Twitter; brochure; community events.	N/A
Glendale	Environmental Response, Inc.	Environmental Response, Inc.	Presently using a one year contract. The City will be soliciting for a multi-year contract in 2015.	Cleaning products; indoor pesticides; automotive products; painting supplies; lawn and garden products; flammable products; items with mercury; batteries; light bulbs; electronics; appliances; used tires.	There is a permanent drop off location at landfill for electronics (Westech Recyclers) and white goods (SA Recycling). Residents may take used tires (without rims) to landfill per load free and collected by bulk trash crews when found illegally dumped. Peoria and Avondale residents are allowed up to five tires (without rims) with a \$3.00 charge per tire. Tires not accepted from other customers at the landfill. Tires are taken to CRM in Mesa for disposal.	The City does not operate a permanent HHW facility. There is no interest in opening a permanent HHW facility at this time.	Biannually. Up to 750 homes may be serviced per event. Residents call to schedule an appointment for pickup during HHW event days.	Residents are referred to other means of disposal. Donate; buy smaller amounts to avoid excess; check Earth911 website for more options of disposal; or hold for next event.	No charge to residents of Glendale.	No	No	Glendale conducts HHW events for residents only. Glendale does not partner with other cities for these events.	Website; utility inserts; newsletter (Clean & Green) sent to residents every year with information on what is accepted and dates of upcoming events.	Unaware of any opportunities.
Goodyear	For collection, the City of Goodyear this fiscal year utilized Mohave County's contract with PSC/Stericycle.	For disposal, the City of Goodyear this fiscal year utilized Mohave County's contract with PSC/Stericycle.	One year.	Cleaning products; indoor pesticides; automotive products; painting supplies; lawn and garden products; flammable products; items with mercury; batteries; light bulbs; electronics; used tires.	For used tires a permit is obtained through Maricopa County for disposal. Residents may bring up to five tires per event. Goodyear disposes of the tires after the event.	The City does not operate a permanent HHW facility. Goodyear, with the cities of Avondale, Litchfield Park and Tolleson, entered into a three year IGA to help in reducing the cost of holding separate events at each city. Working together has provided a larger pool of staff and centralizing the collection of this material.	Biannually	Between events residents are asked to use what they have on hand, wait until the next scheduled event, or contact the vendor for disposal at vendor's pricing. However, the City was recently informed that the vendor is discouraging individual disposal.	There is no fee for event participation from active account holders with the city. This cost is covered through the residential refuse fee.	Not at this time.	No	Goodyear is currently on it's second year of a three year agreement with the cities of Avondale, Litchfield Park and Tolleson. A Fall event is hosted in Goodyear and a Spring event is host in Avondale.	Website; Facebook; e-newsletter; utility inserts; flyers.	N/A
