*5H. Consultant Selection for the MAG Biogenics Study

The Fiscal Year 2005 MAG Unified Planning Work Program includes a MAG Biogenics Study to assess the emissions of precursors from plants in the modeling area on the formation of ozone and PM-10. A request for proposals was advertised on April 13, 2005 to improve the MAG biogenic emission estimates for the ozone and PM-10 nonattainment areas. Three proposals were received by the May 12, 2005 deadline. They were submitted by Sonoma Technology, Inc., Environ International Corporation, and MACTEC Federal Programs, Inc. On May 19, 2005 the evaluation team recommended to MAG that Environ International Corporation be selected for an amount not to exceed \$99,625. Please refer to the enclosed material.

5H. Recommend that Environ International Corporation be selected for the MAG Biogenics Study for an amount not to exceed \$99,625.
