SUBJECT: ADDENDUM TO THE APRIL 19, 2005 MAG POPULATION TECHNICAL ADVISORY COMMITTEE AGENDA

Since transmitting the MAG POPTAC agenda, an addendum to the agenda has been prepared to provide for a discussion of a discussion of a MAG Information Services data collection survey. If you have any questions, please contact Anubhav Bagley at 602-254-6300.

8. MAG Information Services Data Collection Survey

The products developed by Information Services staff, such as the MAG Regional Report and Interim Projections have required a large data collection effort on the part of all our member agencies, and highlighted the need for a streamlined data collection process. MAG staff has prepared a survey for our member agencies to help us better understand the information our member agencies keep and identify processes within your agency that MAG could use in its data collection activities. A status report will be provided.
