# History Shaping BLM

1812 General Land Office Established

1872 Mining Law

1891 Authority for Forest Reserves

1936 Grazing Service

1976 Federal Land Policy and Management Act

*“The state’s natural beauty and open spaces are seen by citizens as our greatest asset. Arizona landscapes matter – on both economic and emotional levels. It’s important that growth and development in the future respect the passion that citizens feel for their environment.”*

## The “Arizona We Want” Report

# BLM Public Lands in Arizona

- 12.2 million acres of BLM public land
- 17.5 million acres of subsurface mineral estate
