ARIZONA THRIVES

A Path to a Healthy and Prosperous Future

A FRAMEWORK FOR ACTION

	Lever	Area of Opportunity
Clean Air	Mobility	Increase coordination of mobility efforts; develop land use tools to grow transit-oriented development; influence consumer behavior
	Electric Vehicles	Develop tools to reduce barriers to electric vehicle adoption; coordinate charging station deployment
	Reduce Auto Emissions	Continue and expand incentives for fuel-efficient vehicles, evaluate buy-back programs for vehicles older than 2004, implement fleet modernization and sharing programs
	Increase Tree Cover/ Natural Solutions	Create “cool islands” in urban cores; include pathways to transit and shaded transit shelters
Clean Energy	Clean Portfolio	Incentivize storage innovation; proactively support utility research and development; allow cost recovery for innovation and transition.
	Energy Efficiency/ Built Environment	Promote utility programs; support opportunities for increased manufacturer and construction industry efficiency programs
	Industry and Commercial Transportation	Support the development of clean and/or carbon-neutral fuels
	Forest Health/Biomass	Thin forests by 50,000 acres per year over 20 years; produce clean biomass energy; increase forest carbon storage

ARIZONA THRIVES PHASE II: The Path Forward

How we
power our
economy

How we
move

Where we
live and
work

WHY DO WE NEED TO WORK TOGETHER?

SHARED COMMITMENT

WHY DO WE NEED TO WORK DIFFERENTLY?

COLLECTIVE IMPACT

WHY DO WE NEED TO CHANGE THE CONVERSATION?

COMMIT TO ACTION

ARIZONA THRIVES

CREATING SOLUTIONS
THAT WORK FOR ARIZONA

Clean air, healthy
communities and a
strong economy.
