*MAG Demographic Viewer Instructions: Use the "MAG Demographic Mapping" link above.*

1. *Zoom in to your project area. On the left-hand side of the screen, under "Reports," select "Custom Geography."*
2. *Next, select the applicable geography type, for this application it will likely be a "point of interest" or a "corridor of interest"*
3. *Left-click to begin drawing. Draw a line along the bus route that corresponds to your project, left-clicking where needed to change the direction of the line (note: you may need to do this multiple times if improvements are proposed along multiple routes).*

4. Double-click to finish drawing the line. The selected census blocks will become highlighted in blue. A pop-up box will appear with "Report Results for Selected Block Groups." Select the "ACS 2017" tab, and use the data found there.
