

Transportation Alternatives (TA) / CMAQ Application For FY 2023 and FY 2024 Projects

Due: September 16, 2019 at 10:00 a.m.

(LATE AND/OR INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED)

Est. TA Amount Available in Millions: \$5.9., and \$5.2 (\$11.1 total)

Est. CMAQ Amount Available in Millions: \$11.3, and \$9.9 (\$21.2 total)

INSTRUCTIONS AND SCHEDULE

**The due date and time for project applications to be submitted to MAG is
Monday, September 16, 2019 at 10:00 a.m.**

General Instructions

This Excel form is to be used to request federal Transportation Alternatives (TA) and CMAQ funding available through the Maricopa Association of Governments (MAG) for projects to be included in the FY2020-FY 2024 MAG Transportation Improvement Program. Funding is available for Federal Fiscal Year (FFY) 2023 and 2024.

Applications are due to MAG on **Monday, September 16, 2019 at 10:00. Late applications will not be accepted.**

This application form includes:

- Instructions and Schedule
- Cover Sheet
- Part A - Contact and Project Description
- Part B - Detailed Project Description
- Part C - Required and Optional Attachments
- Part D - Cost Estimate Spreadsheet
- PART E - Budget and Signature Page
- Part F - Checklist
- GIS Submittal Instructions
- ADOT Fee Sheet
- Transportation Alternatives Program and Map
- Congestion Mitigation Air Quality Program and Map

Each part is a separate tab of this excel file. Please complete the Cover Sheet and Parts A - F. Alternative application forms are available upon request.

Transmittal Instructions

Send the following to MAG:

- a. A completed Excel spreadsheet application in MS Excel format (do not send a PDF or Fax instead of the spreadsheet)
- b. A PDF copy of Part F of the Excel spreadsheet with the signature block signed and dated
- c. A PDF copy of all required attachments

Two methods are provided to transmit files to MAG as follows:

Method 1 EMAIL: To Email the application to MAG, please do the following:

1. Save the files to be transmitted to MAG in a place you can find. Zip all files to submit into a single file.
2. Click on the following hyperlink to open an email window, attach the application files and press the send button.

[EMAIL APPLICATION TO MAG](#)

Method 2 DROPBOX: If the application is to large to be sent by email or you would like immediate confirmation of your transmittal, please do the following:

1. Save all files to be transmitted to MAG in a place you can find
2. ZIP the files
3. Click the following hyperlink to upload the files to Dropbox

[DROP THE APPLICATION IN THE BOX](#)

Application Workshops and Open Working Group Meeting Schedule*

Date	Time	Room	Workshop/Open Working Group
Tuesday, August 6, 2019	10:00:00 AM	Saguaro	Workshop on MAG Transportation Programming and Federal Fund Project Applications

INSTRUCTIONS AND SCHEDULE

**The due date and time for project applications to be submitted to MAG is
 Monday, September 16, 2019 at 10:00 a.m.**

Tuesday, August 13, 2019	10:00:00 AM	Chaparral	Open Working Group - Federal Fund Project Applications
Tuesday, August 27, 2019	1:00:00 AM	Chaparral	Open Working Group - Federal Fund Project Applications

* All meetings will be held on the 2nd floor of the MAG Offices at 302 N. 1st Avenue, Phoenix, AZ 85003

MAG Contact Information

Contact Name	Phone	E-Mail Address
MAG Offices	602-254-6300

Transportation Alternatives / CMAQ Application for
FY 2023 and FY 2024 Projects

56th St from Indian School Rd to Camelback Rd - Phase 1

City of Phoenix

**APPLICATIONS ARE DUE AT MAG OFFICES BY
Monday, September 16, 2019 at 10:00 a.m.**

(LATE AND/OR INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED)

Phoenix: 56th St from Indian School Rd to Camelback Rd - Phase 1

PART A - CONTACT AND PROJECT DESCRIPTION**Contact Information**

1. Name of Sponsoring Agency	Phoenix
2. Agency Contact Name	Joseph Perez
3. Phone Number of Agency Contact	602-534-9529
4. E-Mail Address of Agency Contact	joseph.perez@phoenix.gov
5. Mailing Address of Agency Contact	1034 East Madison Street, Phoenix AZ 85034

Project Description

6. Please provide the Project Title.	56th St from Indian School Rd to Camelback Rd - Phase 1
7. Please provide a concise, specific description of the project (250 character limit):	This project will develop a safe pedestrian and bicycle corridor on the Phase I of the 56th St from Thomas Rd to Camelback Rd corridor. This corridor links with the Arizona Canal and provides connectivity to various residential areas, commercial districts, schools and churches. The phase I segment, from Indian School Rd to Camelback Rd as part of this application, will help to build a more livable street for residents.
8. Please provide the project limits:	Phase I: 56th Street from Indian School Rd to Camelback Rd

Phoenix : 56th St from Indian School Rd to Camelback Rd - Phase 1

PART B-DETAILED PROJECT DESCRIPTION

This part of the form identifies the current characteristics and proposed improvements for each project.

The purpose of Part B is to provide sufficient information to evaluate the cost estimate for the project and to provide assurance that the project will be capable of meeting the ADOT administered federal design review and clearance process. This process requires environmental, ROW and utilities clearances and a bid ready design prior to FHWA approval to encumber federal funding for construction.

NOTE: For Part B, Questions 14-20, the specified distance will vary (and update automatically) depending on the project type identified in Part B, Question 1. Pedestrian-only projects will use a distance of 1/4 mile, while bicycle and Shared-Use projects will use a distance of 1/2 mile.

1. Please select which funding source(s) this project is applying for. Check all that apply.

- Congestion Mitigation and Air Quality (CMAQ)
- Transportation Alternatives (TA)

2. What type of project is this? (Check all that apply)

- | | |
|--|---|
| <input type="checkbox"/> Bicycle Lane (4' min. w/o curb/gutter) | <input type="checkbox"/> Shoulder paving is within 4-miles of a PM-10 Monitor |
| <input type="checkbox"/> Bicycle Lane (5' min. with curb/gutter) | <input type="checkbox"/> Wide Sidewalk (8' min.) |
| <input type="checkbox"/> Buffered Bike Lane | <input type="checkbox"/> Detached Sidewalk with 4' min. buffer |
| <input checked="" type="checkbox"/> Protected Bike Lane | <input type="checkbox"/> Signalized Crossing |
| <input checked="" type="checkbox"/> Shared-use path (10' min.) | Other: |
| <input checked="" type="checkbox"/> Sidewalk (5' min.) | <input type="text"/> |
| <input type="checkbox"/> Planning Study | |

3. What other major elements are included in this project? (Check all that apply)

- | | |
|--|----------------------|
| <input type="checkbox"/> Bridge (overpass) | Other: |
| <input type="checkbox"/> Tunnel (underpass) | <input type="text"/> |
| <input type="checkbox"/> Signalized midblock crossing/HAWK | |
| <input type="checkbox"/> Countdown Pedestrian Signal | |

4. What amenities are included in this project?

- | | |
|---|--|
| <input type="checkbox"/> Number of Bike racks/lockers | <input type="checkbox"/> 7 Number of Seating/Rest Area(s) |
| <input type="checkbox"/> Number of Drinking Fountains | <input type="checkbox"/> Number of bicycle/pedestrian counting devices |
| <input type="checkbox"/> Number of Way-finding Signs | <input type="checkbox"/> Number of bicycle/pedestrian counting devices |
| <input type="checkbox"/> Number of Trash receptacles | Other: |
| <input type="checkbox"/> 274 Number of Trees | <input type="text"/> |
| <input type="checkbox"/> Number of new openings in street walls | |
| <input type="checkbox"/> Number of Shade Structures | |

Phoenix : 56th St from Indian School Rd to Camelback Rd - Phase 1

PART B-DETAILED PROJECT DESCRIPTION

5. Please describe the existing condition of the project site and any problem(s) being addressed.

56th Street is a collector street in East Central Phoenix and is a good candidate for an enhanced bicycle facility such as a protected cycle track and/or shared use path. Traffic volumes are between 4000 and 6000 cars per day and the speed limit is 35mph throughout the corridor. 56th Street is an important corridor for north/south travel in this section of Phoenix and has a variety of cross-sections and right-of-way widths with discontinuous and missing sidewalks. There are transit routes along Camelback Road, Indian School Road, and Thomas Road and bike lanes on Lafayette and Osborn Road. There are no bike lane or sidewalk on 56th Street from Lafayette to Camelback Road.

Phase I Existing Conditions

From Camelback to Exeter – A large irrigation well structure on the southwest corner of Camelback and may be an obstacle to sidewalk and ramp improvements, there are no ADA ramps or sidewalks present.

There is overgrown landscaping on the west side and a drainage ditch on the east side. Irrigation well structures continue in this section. There are no sidewalks or bike lanes on either side of the road at the Exeter Boulevard roundabout, nor are there crosswalks.

From Exeter to Lafayette - Neither side of the road contains bike lanes. Areas of sidewalk are obstructed by irrigation structures. Sidewalk, curb, and gutter on the east side of the road is intermittent or lacking.

From Lafayette to Indian School – There are no sidewalk approaches on the east side but there are existing paved shoulders. There is inconsistent curb, gutter, and sidewalk on the west side. All ADA ramps are in need of truncated domes to be compliant. Sight distance issues exist for turning vehicles that create conflicts with bicycle users of the Arizona Canal path.

6. Please describe the work being done and improvements being made as part of this project.

This project will add a consistent pedestrian walkway on both sides of 56th Street from Indian School Road to Camelback Rd and bike lanes on 56th Street from Lafayette Blvd to Camelback. This project will also add lighting improvements and a storm drain from Camelback Rd to Indian School Rd. The project may also add a two-way cycle track on the west side of the street from Lafayette to Indian School Rd.

7. What do you hope to achieve with this project?

This community driven project application will develop a consistent corridor in two phases on 56th Street between Camelback and Thomas Roads that puts the safety of pedestrians and bicyclists first; meets ADA standards; completes bicycle and pedestrian gaps along the corridor; addresses utilities, and storm drainage issues; and provides opportunities for green infrastructure. This phased project will provide more options of travel and a safer environment for all users.
Phase I: Indian School to Camelback Road will correspond with this application.

8. Safety improvements to be included for this project: (Check all that apply)

- Medians with pedestrian crossing islands
- Roadway Reconfiguration (Road Diet)
- Striping/re-striping to narrow vehicle lanes
- Color pavement or similar treatment
- Lighting
- Landscape buffer between sidewalk and roadway
- Rectangular Rapid Flash Beacon (RRFB)
- Driver Feedback Sign

Other

Protected bikeway on the west side of the street

Phoenix : 56th St from Indian School Rd to Camelback Rd - Phase 1

PART B-DETAILED PROJECT DESCRIPTION

9. Does this project include a road safety education component?

Yes
 No

Please Explain:

It is likely that some education will be necessary if a two-way cycle track is built on the west side of the street

10. How does this project or planning study address safety?

The project addresses safety by adding new bike lanes and sidewalks where none are present.

11. How does the project improve ADA facilities for persons with disabilities?

The full corridor project will add about 70 new ADA ramps. The Phase I portion of the project will also build continuous sidewalk from Indian School to Camelback Road as part of this application.

12. Describe how this project will improve access from nearby neighborhoods and/or adjacent uses:

The Arizona Canal, a significant regional trail in the MAG Active Transportation Plan cross 56th Street just north of Indian School Road. The proposed improvements will facilitate north/south walking and bicycling to and from the canal. There are a few elderly group homes in the area that have expressed interest in better walking conditions on the west side of 56th Street.

13. How does the project create a sense of place?

A new shared use path creates a sense of place from beginning to end. Similar to the Murphy Bridle Trail on Central Avenue, the 56th St improvements will encourage people to walk, exercise, recreate and ride bicycles from Camelback to Thomas Roads. The project will create an enjoyable corridor that connects to the Arizona Canal regional trail system. Phase I: Indian School to Camelback Road will occur as part of this submittal.

14. Connectivity: (Check all that apply)

Project fills a gap in the system
Explain:

Currently no bike lanes exist from Lafayette to Camelback and no sidewalks are present in certain areas.

Project connects to other local bikeways
List of connected bikeways:

Lafayette Blvd, Arizona Canal

Multi Jurisdictional Project (please include letter of support (See Part C)
List of Participating Jurisdictions:

12.1 Total length of bikeways directly connected by this project (in miles)

15. Number of transit stops this project will connect to. Do NOT count major transit facilities (park and rides, transit centers, etc.) in this question. List associated route(s) and their peak frequency, using Valley Metro as the source.

18 Within 1/2 mile

Phoenix : 56th St from Indian School Rd to Camelback Rd - Phase 1

PART B-DETAILED PROJECT DESCRIPTION

16. Number of transit routes serviced by the transit stops in question 15 that this project will connect to. List associated route(s) and their peak frequency, using Valley Metro as the source.

2 Within 1/2 mile

List routes and frequency:

50 Camelback Rd 7-20 minutes during peak time
41 Indian School Rd 20 minutes during peak time

17. Number of major transit facilities (park and rides, transit centers, etc.) served by this project:

Within 1/2 mile

List:

18. Number of non-commercial activity centers (parks, libraries, senior centers, recreational centers, etc.) this project will benefit:

4 Within 1/2 mile

List:

Arcadia Park, Herberger Park, Arizona Falls, Arizona Canal path (all are within 1/2 mile of 56th St & Indian School Road intersection)

19. Number of commercial and employment destinations (malls, retail centers, business parks, etc.) this project will benefit (for example, a mall is ONE destination; do NOT count every store in a mall as a separate destination):

5 Within 1/2 mile

List:

Walgreens, Ranch House Grille, Kitchen56, Smoothie King Mall, 56th Street Deli & Market (full corridor)

20. Number of K-8 public schools this project will benefit:

2 Within 1/2 mile

List:

Hopi Elementary, Ingleside Middle

21. Number of other schools (charter schools, high schools, colleges, and universities) this project will benefit:

6 Within 1/2 mile

List:

Arcadia Neighborhood Learning Center, Prince of Peace Preschool, The Hills School and Atelier, St Theresa Catholic School, Archways, Veritas (full corridor)

22 Number of activity centers for air quality cost effectiveness (i.e. bank, church, hospital, health care facility, light rail station, park-and-ride lot, office park, post office, public library, shopping area, grocery store, university or junior college):

3 Within 1/4 miles

List:

Church of Jesus Christ of Latter Day Saints, Shephard of the Hills, Prince of Peace (full corridor)

1/4 miles to 1/2 miles

List:

Phoenix : 56th St from Indian School Rd to Camelback Rd - Phase 1

PART B-DETAILED PROJECT DESCRIPTION

23. What are the demographics of the area served:

[MAG Demographic Mapping](#)

People Per Square Mile

% Families in Poverty

Use the MPO/COG Demographic Mapping link above. Zoom in to your project area. On the left-hand side of the screen, under select "Reports", then select "Custom Geography". Next, click the "Corridor of Interest" button. Left-click to begin drawing. Draw a line through all census block groups adjacent to your project, left-clicking where needed to change the direction of the line. Double-click to finish drawing the line. The selected census block groups will become highlighted in blue. A panel will appear with a report that summarizes the selected block groups. You may export the results to Excel (click the "Export to Excel" button) for your records

24. Please provide the following information on the facility on which the improvement will be located.

For a linear project, please enter the Facility Name, Starting Limit and Ending Limit:

For a point project (e.g. an intersection or crossing), please enter a Facility Name and a Crossing Feature:

Federal Functional Classification of the Facility:

[Link to MAG webpage for Federal Functional Classification Map](#)

Type of Facility the Improvement will be located on:

Length (in Miles)

Posted Speed Limit (MPH)

Number of Travel Lanes Before Project

Number of Travel Lanes After Project

25. Please provide an estimated traffic volume (ADT) on the nearest parallel arterial.

ADT Estimate

Date Counted

Name of road the traffic count was taken from

Description of Methodology and Source used for the ADT Estimate

Phoenix : 56th St from Indian School Rd to Camelback Rd - Phase 1

PART B-DETAILED PROJECT DESCRIPTION

26. Federal law requires that all federally funded projects comply with a federal environmental clearance. For projects that have a minimum ground disturbance, environmental surveys are required and an environmental document will need to be prepared, which typically requires 12 months to complete.

Describe any known cultural, historical and biological resources, hazardous materials or other environmental issues that could affect work on the segment.

none are known but an Initial Natural Cultural Resources Assessment will be performed by City of Phoenix staff to identify any environmental issues that could affect work on the segment.

27. Current ROW: (Check all that apply)

- Agency owns all ROW Needed
- ROW to be acquired
- Owners will donate ROW
- Agency owns easement
- Agency has right-of-use (i.e. canal)
- Condemnation may be required

28. Please describe any right of way issues associated with the project.

56th Street has enough right of way to accommodate this project. The City may determine that more ROW is necessary, but this is not the expectation at this time.

29. Please indicate whether all parcels for this project have been inventoried.

- Yes
- No

30. Current Utilities in or abutting the alignment: (Check all that apply)

- No Utility in or abutting the alignment
- Canals & Drainage
- Power Lines & Cables
- Pipelines, Sewer and Water
- Private Structures

Other:

31. Please describe any utility conflicts that will need to be addressed.

There are Salt River Project and other private irrigation facilities in the area that may be in conflict. The City will perform a thorough utility review and coordinate with utilities in the corridor before construction begins.

Phoenix : 56th St from Indian School Rd to Camelback Rd - Phase 1

PART B-DETAILED PROJECT DESCRIPTION

32. Guidelines used to develop project: (Check all that apply)

<input checked="" type="checkbox"/>	AASHTO Guide for Bicycle Facilities	Other: <div style="border: 1px solid black; height: 40px; width: 300px;"></div>
<input type="checkbox"/>	MAG Pedestrian Policies and Design Guidelines	
<input type="checkbox"/>	MAG Complete Streets Guide	
<input type="checkbox"/>	MAG Designing Transit Accessible Communities	
<input type="checkbox"/>	MAG Valley Path Brand & Wayfinding Signage Guidelines	
<input checked="" type="checkbox"/>	NACTO Urban Bikeway Design Guide	
<input type="checkbox"/>	RPTA Bus Stop Program and Standards	

33. Jurisdiction has the following policies for improved bicycle/shared use facilities:

With new development and capital improvement projects, bike lanes on arterial streets are:	<input type="checkbox"/> Required
With new development and capital improvement projects, bike lanes on collector streets are:	<input type="checkbox"/> Recommended
With pavement restoration or regular pavement maintenance on arterial streets, bike lanes are:	<input type="checkbox"/> Recommended
With new development or during development retrofits, shared-use paths are:	<input type="checkbox"/> Not Addressed
Bicycle program implemented, including bike education, safety events, and bike maps	<input type="checkbox"/> No
Complete Streets Policy	<input type="checkbox"/> Yes

34. The project is: (Check one)

Identified in General Plan, council adopted policy, or Capital Improvements Program (provide source)
List:

Consistent with general policy/practices, but not formally identified (provide source)
Explain:

https://www.phoenix.gov/streetsite/MediaAssets/Adopted%20Complete%20Streets%20Policy%20-%20June%2028,%202017.pdf

Not addressed by jurisdiction's plans, policies, or practices
Explain:

35. How will the applicant measure the success of this project?

The active population along the corridor will let us know if they feel this project is successful. We expect to see more people walking and riding along 56th Street. We have some bicycle count data from pre-design and we are planning to scope more counts during final design and post construction.

36. Will bicycle/pedestrian count technology be incorporated? Will the devices broadcast automatic updates or require manual data collection? If manual, how will the agency identify staff resources to dedicate to collecting the data?

The city of Phoenix Active Transportation Manager will identify budget resources for manual counts to be approved by department management.

37. Will the project include an education/marketing component upon completion of construction, to publicize the project and increase citizen awareness of the project impact and benefits? If yes, please describe below.

Yes, the public engagement team within Street Transportation Department will create collateral to publicize the project. Additionally, PHX11 and KNOW99 will be engaged to produce digital video and on-air programming for City needs.

Phoenix : 56th St from Indian School Rd to Camelback Rd - Phase 1

PART B-DETAILED PROJECT DESCRIPTION

38. Will the project include wayfinding signage elements? If yes, please describe below.

Yes, the project may include wayfinding signage along the corridor and Arizona Canal. Signage along the Arizona Canal will follow the Valley Path guidelines from MAG.

Part C - Required Attachments
<p>Listed below are the required attachments for this project application. These attachments are intended to demonstrate the need of the project. They should clearly show the segment alignment and features that connect to other bicycle, pedestrian, and/or shared-use facilities, as well as washes, canals, railroad crossings, and other crossing features that may affect the project.</p>
<p><u>PLEASE INCLUDE EACH ATTACHMENT AS A SEPARATE .JPEG OR .PDF FILE ON YOUR APPLICATION CD.</u></p>
<p>Please insert ALL attachments at the end of your printed application, in the order they are listed below. See below for alternate submission requirements for GIS coverage files.</p>
Required Attachments:
<p>1) Please attach a map showing the general location of the proposed project in relation to the region, including a north arrow.</p>
<p>2) Please attach a map with streets labeled showing the detailed location(s) of the proposed project, including a north arrow.</p>
<p>3) Please attach up to four photos indicating existing conditions in the project area (two 4x6 photos per page).</p>
<p>4) Please attach a simple diagram of the current typical cross section of the segment, that shows the right of way limits, widths, sidewalks and shoulders (if any), and the lanes of travel.</p>
OPTIONAL Attachments:
<p>(OPTIONAL) Attach up to two photos showing what the completed project will look like, if available (these can be photoshop, renderings, etc.).</p>
<p>(OPTIONAL) Attach up to three (3) letters of support for the project.</p>
<p>(OPTIONAL) If the applicant will be providing a GIS coverage (shapefile or geodatabase), please see the tab labeled "GIS Transmittal Instructions"</p>

Phoenix : 56th St from Indian School Rd to Camelback Rd - Phase 1

Part F - Checklist

This checklist is included to facilitate applicant review and verification that all required fields in the form have been completed.

COVER SHEET		Complete?
Cover Sheet is completely filled out		Yes
PART A - Contacts and Project Description Fields		Complete?
Contact Information, fields 1 – 5 are complete		Yes
Project Description, fields 6 - 8 are complete		Yes
PART B - Project Description		Complete?
Fields 1 - 14 (Project Description) are complete		Yes
Fields 15 - 17 (Transit) are complete		Yes
Fields 18 – 22 (Attractors and Demographics) are complete		Yes
Fields 23 – 30 (Traffic, Environmental, ROW, and Utilities) are complete		Yes
Fields 31 – 33 (Guidelines, Policies, and Plans) are complete		Yes
Fields 34 – 37 (Maintenance, Performance Measurement, and Wayfinding) are complete		Yes
PART C - Required Attachments		Complete?
Field 1 - Map showing the general location of the proposed project in relation to the region, including a north arrow provided in the printed application and the PDF application.		Yes
Field 2 - Map with streets labeled showing the detailed location(s) of the proposed project, including a north arrow provided in the printed application and the PDF application.		Yes
Field 3 - Up to four (4) photos of existing conditions are provided in the printed application and the PDF application (two 4x6 per page).		Yes
Field 4 - Simple diagram of the current typical cross section of the segment, that shows the right of way limits, widths, sidewalks and shoulders (if any), and the lanes of travel in the printed application and the PDF application.		Yes
(OPTIONAL)- Up to two (2) photos/renderings of the completed project are provided in the printed application and the PDF application.		Yes
(OPTIONAL) - Up to three (3) letters of support for the project are provided in the printed application and the PDF application.		Yes
(OPTIONAL) - GIS coverage (shapefile or geodatabase) is provided on the CD with the application.		Yes
PART D - Cost Estimate Worksheet		Complete?
PROCUREMENT (Not applicable for construction projects)	REQUESTED PROGRAMMING (Rows 4-7)	Complete?
	Location Description	Yes
	Work Description	Yes
	Funding Source	Yes
	Preferred Year to Program Work	Yes
	PROCUREMENT/STUDY COSTS (Rows 9-29)	Yes
DESIGN (Applicable for all construction projects; not applicable for procurement projects)	REQUESTED PROGRAMMING (Rows 30-33)	Complete?
	Location Description	Yes
	Work Description	Yes
	Funding Source	Yes
	Preferred Year to Program Work	Yes
	PRELIMINARY ENGINEERING (Rows 35-38)	Yes
	FINAL DESIGN (Rows 40-43)	Yes

	Location Description	Yes
	Work Description	Yes
	Funding Source	Yes
	Preferred Year to Program Work	Yes
	RIGHT OF WAY COST (Rows 51-63)	Yes
CONSTRUCTION (Applicable for all construction projects; not applicable for procurement projects)	REQUESTED PROGRAMMING (Rows 55-58)	Complete?
	Location Description	Yes
	Work Description	Yes
	Funding Source	Yes
	Preferred Year to Program Work	Yes
	UTILITY RELOCATIONS (Required for Budget, May be 0 if no Utilities) (Rows 90-97)	Yes
	CONSTRUCTION COST	Complete?
	1. Hardscape Construction (rows 99-131)	Yes
	2. Landscaping & Irrigation Items (Rows 133-150)	Yes
	3. Site Furnishings (Rows 152-159)	Yes
	4. Other Construction Items. Also, Itemized Line Items For Non-Infrastructure Projects.(Rows 161-170)	Yes
MOBILIZATION AND ADMINISTRATION COSTS (Rows 173-176)	Yes	
ADOT REVIEW FEE	Please enter 'Yes' if your agency is certified accepted by ADOT for construction (Cell E179)	Yes
PART E - Budget and Signature Page		Complete?
Name, title and date fields under the signature are completed.		Yes
PART F - Signature and Checklist		Complete?
Entire checklist is completed.		Yes

Instructions for the Submittal of GIS Data for CMAQ Funding Applications

It is preferred that, when possible, member agencies submit GIS data representing the locations of projects defined in their CMAG Applications. For member agencies unable to meet this requirement, MAG staff is available to assist in this area. Please contact Nicole Funicello at nfunicello@azmag.gov if assistance is needed.

Submission Requirements

GIS Data – Please provide GIS data for each geometry type (point, line, polygon). Example: if you are submitting Project Applications that are for both linear features (bike lanes) and point features (crossings), you would submit a total of two GIS datasets.

File Formats – Agencies that are able to submit GIS data along with CMAQ Applications shall provide the data in formats that are compatible with ESRI products such as shapefiles (.SHP) or Geodatabases (.GDB). Google Earth files (.KMZ or .KML) are also acceptable file formats.

Spatial Reference – The preferred spatial reference system of submitted GIS data is State Plane Arizona Central NAD 83 HARN, however, GIS datasets in any other projection will be accepted.

Attributes – All GIS data submitted shall, at a minimum, have the following attributes:

- **PROJECT_TITLE** – the name of the project; this should be the same as the Project Title in the Project Application
- **LOCATION** – (optional) a description of the location of the project. Linear features should be described by their start and end locations. Polygon features should be described using streets, water courses, canals, city boundaries, or other landmarks as a means of describing the location of the project.

<Provide screenshot showing graphic link between survey response in Excel and the attribute table.>

Required Attachment – Regional Map

TA Bicycle/Pedestrian Application Area

While every effort has been made to ensure the accuracy of this information, the Maricopa Association of Governments makes no warranty, expressed or implied, as to its accuracy and expressly disclaims liability for the accuracy thereof.

Required Attachment – Project Location Map

56TH STREET CORRIDOR

- Existing Bikeways
- 56th Street Corridor
- Streets
- Canals
- Bus Stops
- Schools
- Parks, Desert Preserve, Golf
- Parcels
- Project Location

Required Attachment – Project Location Photos

56th Street and Camelback Road Intersection (SW corner): No sidewalks along 56th Street or Camelback Road, intersection is not ADA accessible or compliant. Please note large irrigation well.

56th Street between Camelback Road and Exeter Boulevard: No bike lanes, curb, gutter, or sidewalk along either side of roadway. Large right-of-way areas with vegetation abutting roadway, and an access road west of vegetation (not pictured).

56th Street just north of Indian School Road intersection: west side of street has bike lanes with inconsistent and terminating sidewalk, curb, and gutter. East side of street has no sidewalk, curb, and gutter.

Indian School Road and 56th Street Intersection: Dangerous sight lines for drivers where Arizona Canal intersects and has bicycle traffic entering intersection that creates conflicts with turning vehicles. The same intersection connects to transit, and the ADA ramps lack truncated domes.

Required Attachment – Project Diagrams

56th St PHASE 1 Camelback Rd to Indian School Rd

(south of Exeter Blvd)

Optional Attachments – Letters of Support

Re: Congestion Mitigation and Air Quality (56th St from Thomas to Camelback) Construction Funding

ACMNA supports the work being done by the S.A.V.E.S. and Connects 56th St Group to request construction funding via the Congestion Mitigation and Air Quality Program. This streets improvement project along 56th Street from Thomas Road to Camelback Road continues to be a top priority for our community and we appreciate your support.

Thank you for considering our request.

Sincerely,

Tristahn Schaub
President ACMNA

Re: Congestion Mitigation and Air Quality (56th St from Thomas to Camelback)
Construction Funding

The Arcadia Osborn Neighborhood Association (AONA) is a registered association within the City of Phoenix. We have been active in helping to improve our community since the association was formed in 1997.

The purpose of this letter is to inform you that AONA supports the work being done by the S.A.V.E.S and Connects 56th. St. Group to request construction funding via the Congestion Mitigation and Air Quality Program. The streets improvement project along 56th Street from Thomas Road to Camelback Road continues to be a top priority for our community and we appreciate your support.

Thank you for considering our request.

Sincerely Yours,

Wally Graham, President
Arcadia Osborn Neighborhood Association

September 8, 2019

Dear MAG,

My name is Graham Schaub I live at 3824 N. 54th Ct., about 2 blocks away from 56th Street. Fifty-sixth Street is an important street because it takes me to school, my violin lessons, parks, and the Arizona Falls.

Please consider funding the construction request to make 56th Street a complete street; a street that will be safer, prettier, and more enjoyable for my family, friends, and neighbors.

Thank you,
Graham S.
