

Achieving Transit Accessibility Now (ATAN)

Due: Thursday, April 11th at 10 a.m.

(Please note; match rate is 80%/20%, minimum request is \$100,000 total which can include multiple agencies, maximum per location/stop is \$50,000 total, local match may exceed 20%)

Name of Project:

City of Chandler Transit Center and Various Bus Stop ADA Improvements

Lead Agency Project Contact Information:

Jason Crampton

| <input checked="" type="checkbox"/> Curb Ramps/Slope/Landings | <input checked="" type="checkbox"/> Other: Please Describe |

Please provide a short narrative. Be specific about how this project will benefit people with disabilities. Include in the description the significance of the project to the participating agency(s).

This project will improve access to transit facilities for people with disabilities in a number of ways.

First, access to the Chandler Transit Center will be improved by reconstructing sidewalks and curb ramps that do not meet ADA standards. Noncompliant drinking fountains will also be replaced with ADA compliant drinking fountains. Estimated cost for transit center improvements is \$47,500

Additionally, access improvements will be made to 96 Chandler bus stops. Eighteen of the sites included have cross slopes that exceed ADA requirements (cost estimate of \$55,100). Four locations do not have a full 5'x8' wheelchair ramp landing pad as required by ADA (cost estimate of \$14,200). Twenty-five locations do have this 5'x8' space, but it is not in the correct spot where the ramp could easily get to (cost estimate of \$34,400). This project will rebuild and/ or add concrete at these locations to make them comply with ADA law and provide better access to stops and to the bus's wheelchair ramp. Additionally, at least three of these locations will have old bus shelters with noncompliant benches replaced with new shelters.

Finally, active transportation vehicles such as shared scooters have begun blocking access to ADA space at bus stops. A portion of this project will add new concrete at bus stops to provide space for bicycles and shared scooters so that the wheelchair ramp landing and ADA space under shelters are not blocked by these vehicles. Additionally, bike loops will be added, bus shelters and trash cans may be repositioned, and in at least one location, an aging shelter with noncompliant benches will be replaced. This portion of the project includes 49 bus stops and an estimated cost of \$50,500.

Ridership Information:

Location	Ridership	Date
Total Daily Ridership	1,776 boardings/ day	Jan – Mar 2018
SEE ATTACHED FOR BREAKDOWN BY SITE		

Demographic Information: [MAG Demographic Mapping](#)

Route(s)	Percentage of Minority Persons	Percentage of Persons with income below poverty level	Percentage of Families with income below poverty level	Percentage of housing units with no vehicle available
Maricopa County Average	43.1%	16.5%	12.1%	6.6%
Demographic to include residents within a ¾ mile from all bus routes	42.8	9.5	6.8	3.8

Cost Summary:

Description	Source	Amount
Chandler Transit Center ADA Repairs	80% ATAN/ 20% Local	\$47,500
Bus stops - ADA Wheelchair Boarding Space	80% ATAN/ 20% Local	\$48,600
Bus stops – ADA Cross slope	80% ATAN/ 20% Local	\$55,100
Bus stops – ADA Wheelchair Boarding Space/ Active Transportation Vehicle Access	80% ATAN/ 20% Local	\$50,500
Total Estimated Cost of Project		\$201,700
Local Match Amount (20%)		\$40,340
Amount Requested (80%)		\$161,360
