

### **Prioritization Recommended by HUD**

Re. HUD Notice CPD-16-11, issued July 25, 2016

#### **Notice on Prioritizing Persons Experiencing Chronic Homelessness and Other Vulnerable Homeless Persons in Permanent Supportive Housing**

*“HUD encourages all CoCs adopt into their written standards the following orders of priority for all CoC Program-funded PSH. CoCs that adopted the orders of priority established in Notice CPD-14-012, which this Notice supersedes, and who received points for having done so in the most recent CoC Program Competition are strongly encouraged to update their written standards to reflect the updates to the orders of priority as established in this Notice. Where a CoC has chosen to not incorporate HUD’s recommended orders of priority into their written standards, recipients of CoC Program-funded PSH are encouraged to follow these standards for selecting participants into their programs as long as it is not inconsistent with the CoC’s written standards.”*

#### **Dedication and Prioritization of Permanent Supportive Housing Strategies to Increase Number of PSH Beds Available for Chronically Homeless Persons**

- A. Increase the number of CoC Program-funded PSH beds that are dedicated to persons experiencing chronic homelessness.**
- B. Prioritize non-dedicated PSH beds for use by persons experiencing chronic homelessness.**

#### **Order of Priority in CoC Program-funded Permanent Supportive Housing**

##### **A. Prioritizing Chronically Homeless Persons in CoC Program-funded Permanent Supportive Housing Beds Dedicated or Prioritized for Occupancy by Persons Experiencing Chronic Homelessness**

1. CoCs are strongly encouraged to revise their written standards to include an order of priority, determined by the CoC, for CoC Program-funded PSH that is dedicated or prioritized for persons experiencing chronic homelessness that is based on the length of time in which an individual or family has resided in a place not meant for human habitation, a safe haven, or an emergency shelter and the severity of the individual’s or family’s service needs. Recipients of CoC Program-funded PSH that is dedicated or prioritized for persons experiencing chronic homelessness would be required to follow that order of priority when selecting participants for housing, in a manner consistent with their current grant agreement.
2. Where there are no chronically homeless individuals and families within the CoC’s geographic area, CoCs and recipients of CoC Program-funded PSH are encouraged to follow the order of priority in Section III.B. of this Notice. For projects located in CoC’s where a sub-CoC approach to housing and service delivery has been implemented, which may also be reflected in a sub-CoC coordinated entry process, need only to prioritize assistance within their specified sub-CoC area. 2
3. Recipients of CoC Program-funded PSH should follow the order of priority above while also considering the goals and any identified target populations served by the project. For example, a CoC Program-funded PSH project that is permitted to target homeless persons with a serious mental illness should follow the order of priority under Section III.A.1. of this Notice to the extent in which persons with serious mental illness meet the criteria. In this example, if there were no persons with a serious mental illness that also met the criteria of

chronically homeless within the CoC's geographic area, the recipient should follow the order of priority under Section III.B for persons with a serious mental illness.

4. Recipients must exercise due diligence when conducting outreach and assessment to ensure that chronically homeless individuals and families are prioritized for assistance based on their total length of time homeless and/or the severity of their needs. HUD recognizes that some persons—particularly those living on the streets or in places not meant for human habitation—might require significant engagement and contacts prior to their entering housing and recipients of CoC Program-funded PSH are not required to allow units to remain vacant indefinitely while waiting for an identified chronically homeless person to accept an offer of PSH. CoC Program-funded PSH providers are encouraged to follow a Housing First approach to the maximum extent practicable. Therefore, a person experiencing chronic homelessness should not be forced to refuse an offer of PSH if they do not want to participate in the project's services, nor should a PSH project have eligibility criteria or preconditions to entry that systematically exclude those with severe service needs. Street outreach providers should continue to make attempts to engage those persons that have been resistant to accepting an offer of PSH and where the CoC has adopted these orders of priority into their written standards, these chronically homeless persons must continue to be prioritized for PSH until they are housed.

**B. Prioritizing Chronically Homeless Persons in CoC Program-funded Permanent Supportive Housing Beds Not Dedicated or Not Prioritized for Occupancy by Persons Experiencing Chronic Homelessness**

**(a) First Priority—Homeless Individuals and Families with a Disability with Long Periods of Episodic Homelessness and Severe Service Needs**

An individual or family that is eligible for CoC Program-funded PSH who has experienced fewer than four occasions where they have been living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter but where the cumulative time homeless is at least 12 months **and** has been identified as having severe service needs.

**(a) Second Priority—Homeless Individuals and Families with a Disability with Severe Service Needs.**

An individual or family that is eligible for CoC Program-funded PSH who is residing in a place not meant for human habitation, a safe haven, or in an emergency shelter and has been identified as having severe service needs. The length of time in which households have been homeless should also be considered when prioritizing households that meet this order of priority, but there is not a minimum length of time required.

**(b) Third Priority—Homeless Individuals and Families with a Disability Coming from Places Not Meant for Human Habitation, Safe Haven, or Emergency Shelter Without Severe Service Needs.**

An individual or family that is eligible for CoC Program-funded PSH who is residing in a place not meant for human habitation, a safe haven, or an emergency shelter where the individual or family has not been identified as having severe service needs. The length of time in which households have been homeless should be

considered when prioritizing households that meet this order of priority, but there is not a minimum length of time required.

(c) **Fourth Priority—Homeless Individuals and Families with a Disability Coming from Transitional Housing.**

An individual or family that is eligible for CoC Program-funded PSH who is currently residing in a transitional housing project, where prior to residing in the transitional housing had lived in a place not meant for human habitation, in an emergency shelter, or safe haven. This priority also includes individuals and families residing in transitional housing who were fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking and prior to residing in that transitional housing project even if they did not live in a place not meant for human habitation, an emergency shelter, or a safe haven prior to entry in the transitional housing.
