

# 2019 Laveen South Mountain Transportation Study

# Laveen Village Planning Committee

## September 9, 2019

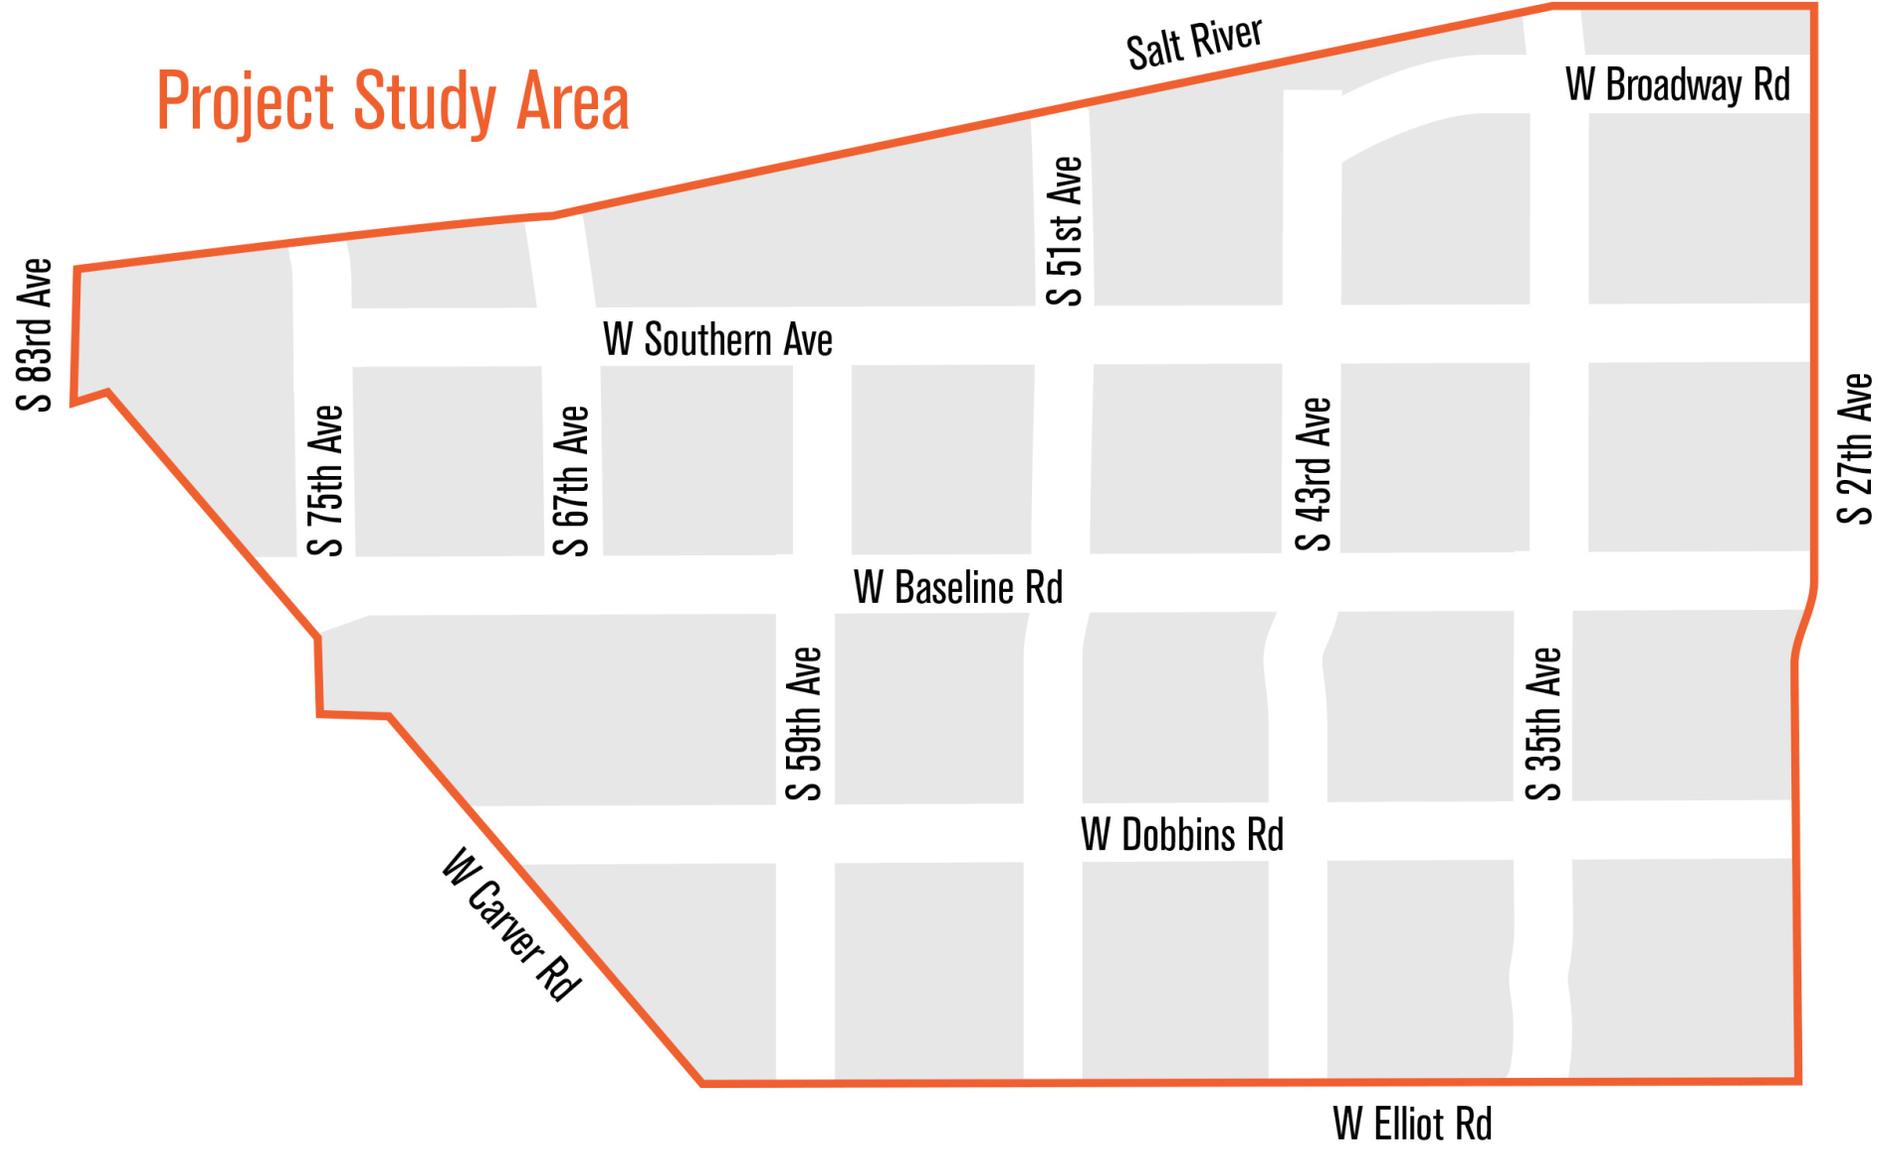

## Purpose

---

With input from the community, identify existing and future deficiencies in the area's transportation system and develop a realistic plan to address them.

# Project Study Area

# Selected Transportation Issues

- Growth and development
- South Mountain Freeway
- Limited Salt River crossings
- Drainage and flooding
- Active transportation (pedestrians and bicycles)
- Coordination with regional initiatives

# Examples of Possible Recommendations

---

- New facilities
- Improvements to existing facilities
- Drainage solutions
- Bicycle and pedestrian network enhancements
- Preservation and maintenance

# Tentative Project Schedule

---

April 2019 –  
September 2019

## **TASK 1**

Initiate Project

September 2019 –  
October 2019

## **TASK 2**

Develop Study  
Area Base and  
Future Conditions

October 2019 –  
April 2020

## **TASK 3**

Select and  
Evaluate  
Reasonable  
Alternatives

April 2020 –  
October 2020

## **TASK 4**

Recommend  
Systemic  
Improvement  
Program

# Open House – September 19<sup>th</sup>, 2019

- Meet MAG and consultant staff.
